May 5, 2010

Dear Honorable Mayor and Council Members:

I am pleased to submit for your approval a proposed balanced budget for Fiscal Year (FY) 2010/11. With this budget, it will have been my honor to submit six consecutive balanced budgets over the past five plus years for your consideration. Each one of these budgets has had its own character and uniqueness. Not one has been easy. This year is no exception.

The impacts of the global economic recession affect Lodi's families, businesses, institutions and our municipal corporation. According to economist and former economics professor Dr. John Mitchell, currently we are experiencing the longest recession in eight decades, the first global recession since World War II, and the first serious recession for 51 percent of all U.S. adults. But we may have found the bottom. Core base General Fund revenues are projected not to decline this year as they have for the past two years. Core General Fund revenues in FY 2010/11 are a projected \$40,136,850 and will be slightly higher than FY 2009/10 budgeted revenues by \$265,950. While we are pleased that we are near or at the bottom of the recession, our core General Fund revenues are over five million dollars less than just three years ago.

The viability of the General Fund has been management's greatest concern. The General Fund is dependent upon tax revenues and is the most vulnerable to economic downturns. While it is not the largest of the City's funds, it may be its most important. It is the backbone of the municipal corporation and a financially healthy city requires a healthy General Fund. Expenses for police, fire, administration, park maintenance, economic development and other essential public services all come from the General Fund. It houses the majority of city employees.

The case can be made that the City of Lodi is not only surviving the recession, but it is thriving. It is taking the actions necessary to establish the framework for a more sustainable municipal corporation. The tax base is now more diverse and less dependent upon a single source of retail sales tax, permanent reductions have been made to the municipal work force and greater efficiency in the delivery of city services has been established. Management has examined ways to make every City service more efficient, streamlining and consolidating where possible.

The City has implemented pay stations to provide citizens more options for paying utility bills and, at the same time, reduce lines at the Finance office. In March 2010, we received 3,273 online payments for \$898,424.92, up by 271 payments from just the month before. These payments reduce processing time, freeing staff for other customer service issues. We now provide utility account information online.

Other examples of organizational efficiencies include the following: we have consolidated operations of multiple recreational swim programs; we have decentralized purchasing responsibilities making departments more responsible and reducing costs associated with central purchasing; and we have reinforced the concept of a single answer point for development permits, also known as one-stop permits.

The City has reduced its work force by 11 percent over the past five years, from 470 full-time budgeted employees in 2004/05 to 418 full-time budgeted employees in 2010/11. The City reduced monthly work hours for many employees. Although there have been reductions in frequency, or delays in timeliness, the City nevertheless continues to offer the same basic range of municipal services.

We have laid out a plan to implement the State mandate for residential water meters and made progress in reduction of water consumption. In FY 2010/11, Lodi will begin installing water meters en masse and we will begin to bill residents with water meters based upon water consumption and not solely on an unsophisticated method based upon the number of bedrooms per resident. In approximately five years, all Lodi residents will have water meters installed.

As we tighten our belts and look at our operations with more scrutiny, we've asked the Budget and Finance Committee to examine the City's policies dealing with reserves, specifically the General Fund. Cities, like businesses and households, need some type of financial "cushion" against the potential shock of unanticipated circumstances and poor economies. The City's reserve policy could be clearer and better understood. For this Manager's tenure, the City has relied upon a reserve policy referenced in the FY 2003/04 budget. The Budget and Finance Committee will make a recommendation that the City Council adopt a more extensive reserve policy.

The recession is a "buyers market" creating the opportunity for Lodi to take advantage of low construction costs to proceed with major capital efforts. They include the reconstruction of East Lodi Avenue, the initial construction of DeBenedetti Park, new improvements and handicapped accessibility for the Grape Bowl, rejuvenation of underground electric cable, replacement of 2.7 miles of wastewater pipelines, and public art with the acceptance of "Celebrate the Harvest" and "Better Daze." As it is proposed, this budget continues to take advantage of the current bid climate and proposes as many projects as possible focusing on maintenance and replacement of existing facilities and projects that reduce the City's reoccurring operational costs, letting it operate more efficiently.

The City has made progress in identifying its deferred maintenance liability. Information has been gathered that identifies the cost and the proposed timeline to replace roofs; heating, ventilation and air-conditioning systems; the components of City parks; and Information Systems hardware. This is not a complete list of replacement and maintenance needs. For example, costs to replace floor coverings, elevators, parking lots and grounds have not been identified. But now that we know what some of the future costs are, Council and staff will begin the difficult task of identifying resources to pay for the maintenance and replacement of the City's physical assets.

As we look beyond this next fiscal year into the future, Lodi is very well positioned. This past year the City Council adopted a new Comprehensive General Plan that artfully maintains Lodi's compact urban character yet provides for jobs and economic growth. In the future, Lodi will be a city accommodating a population of 99,000 and 51,000 jobs, while remaining the densest in San Joaquin County.

Fiscal Year 2010/11 Budget Issues

This budget has several unique twists and issues. Five particular issues are worthy of highlighting: (1) employee costs and contributions; (2) response to the unintended consequences of cutting costs in the FY 2009/10 budget; (3) impact of the Lodi Energy Center; (4) capital programs; and (5) cost increases beyond the City's control. Of course, the most remarkable issue of the budget is the context of the ongoing Great Recession.

Employee costs and contributions – With regard to employee costs and contributions, prior to the economic downturn, Lodi aggressively moved to manage employee expenses. Positions not deemed vital to City operations were held vacant, and other departmental expenses were closely monitored. Importantly, as the economy plummeted, in March 2009, City employees made a number of salary and benefit concessions to reduce salary costs, including salary reductions, furloughs, and waiving of the City's deferred compensation match. These concessions alone were valued at over \$2.3 million for FY 2009/10, and it is expected that employees will contribute an equal sum for FY 2010/11. Consequently, the City has largely avoided employee layoffs and drastic service cuts so common in other cities.

The City is appreciative of the sacrifices and services of its employees. We realize that our primary responsibility is to provide a high level of service to our community, and these sacrifices have allowed the City that high level of quality service to our citizens during a particularly challenging time. Through prudent management, and employee involvement and sacrifice, the City of Lodi has been proud to meet its commitment to those we serve.

The City has also used early retirement to reduce the work force. In FY 2009/10, 15 employees retired with this incentive that produced a salary savings, not including benefits, of \$1,148,000. In FY 2010/11, at the time of the preparation of this transmittal letter, it is expected that an additional four employees will take advantage of early retirement for an additional savings of \$457,140.

Unintended consequences of cutting costs in the FY 2009/10 budget – There have been unintended consequences caused by some of the techniques used to cut costs in the FY 2009/10 budget. Specifically, in an effort to save money over a short period of time, management raised the Compensatory Time Off (CTO) limits to increase the amount of time employees may accumulate earned overtime and encouraged employees where possible to avoid cashing out overtime. The thinking at the time was this was a one-year problem and CTO would be dissipated in the future over a reasonably short period of time. However, the amount of CTO has risen to a rate higher than is prudent: 28 employees have more than 200 hours of CTO and approximately a dozen are near the maximum limit of 480 hours. Consequently, in FY 2010/11 funds are budgeted to buy down CTO to reduce the liability carried into future years.

The employees who receive the CTO cash-out will continue to contribute towards cost reductions in a variety of ways, not just overtime reduction.

Impact of the Lodi Energy Center – When it comes to the financial benefit for the City of Lodi, the Lodi Energy Center rivals any project the City has been involved with. It is a 280-megawatt, natural gas combined-cycle power plant constructed by Northern California Power Agency (NCPA) within the City of Lodi on city-owned property. Lodi is a participant in the Lodi Energy Center. This project created several opportunities for Lodi to increase revenue, beyond simply participating in the project and realizing the long-term cost savings of more affordable electric rates. Specifically, Lodi will benefit financially in the following ways: rental income (\$40,000 per year on top of the existing annual lease revenue of \$20,310); treated water sales (\$960,000 per year guaranteed with increased revenue for sales above the base amount); sale of Giant Garter Snake Habitat Remediation (one-time revenue of \$504,000); sales tax revenue (one-time revenue in FY 2010/11 of \$1,184,900); and a one-time connection fee in the amount of \$300,000. All told, the initial annual revenue from the Lodi Energy Center is \$1,000,000 and one-time revenue is \$2,272,000. This project will help Lodi in the long-term by strengthening its tax base significantly and in the short-term with one-time money to make a variety of improvements. The one-time money gives the Council the opportunity to look at replacement and maintenance of needs it would not normally be able to afford.

Capital Programs – The City has gone a number of years without investing in its physical plant. This year it is proposed to spend \$12.2 million on capital projects, many of which are delayed maintenance and replacement projects. This list of capital projects was guided by data compiled by the Public Works Department as it looked at major building components, assessment of parks, assessment of vehicles, and a replacement schedule for information technology. The above amount also includes capital expenses for the enterprise funds.

Costs Beyond the City's Control – While we are pleased that revenues have stabilized, we are concerned with an increase in expenditures beyond our control. We are seeing costs rise for retirement and insurance. We have been advised to plan for a 2-percent-per-year increase in our retirement rates for the foreseeable future. We saw the total contribution for Safety retirement increase to a 34.02-percent (25.02 percent employer share, 9-percent employee share; all paid by the City) of payroll for FY 2010/11 and to 19.08 percent of payroll (12.08 percent employer share, 7 percent employee share; all paid by the City) for Miscellaneous retirement. Total City retirement contribution for 2010/11 is estimated to be \$7.2 million.

The second cost increase that is a cause of concern is medical insurance. City medical insurance costs are estimated to increase by 6 percent. The estimated General Fund increase is \$66,000 with a total City-wide medical premium cost of nearly \$5 million. It is anticipated that health insurance costs will also continue to climb every year for the next several years.

All Funds

The City uses fund accounting to track expenses and revenues for different purposes. Funds are self-balancing sets of accounts, or can be thought of as various businesses under the control of the City Council. For the purposes of comparing year-to-year or against other cities, it is common to add all revenues and expenses from all funds. This is the all-fund budget.

The all-fund budget expenditures for FY 2010/11 is \$179,333,640. This is an increase of approximately \$9.1 million, or 5.4 percent from the previous year's original budget. The increase in expenditures is mostly attributed to an increase in capital projects resulting from the Lodi Energy Center one-time revenue and grants associated with the American Recovery and Reinvestment Act programs.

The single-largest fund of the City is the Electric fund at \$76,618,920. The second-largest fund is the General Fund at \$41,321,750. Other funds of note: Street Fund, \$5,903,360; Water Fund, \$11,528,790; Wastewater Fund, \$14,194,540; and Library Fund, \$1,427,930.

In the past, but not this year, the Community Development and the Community Center funds have operated in a deficit. Community Development is expected to operate with revenues in excess of expenditures in the 2010/11 fiscal year, while the Community Center is expected to break even for the year.

The overall staffing levels for all-funds are 418 full-time funded positions. This is 41 positions less than FY 2009/10, or approximately 10 percent. Staffing decreases grew during the course of the year with employees participating in the early retirement program. The staffing levels for FY 2010/11 anticipate the reduction of the Street Division by two employees. Although we are offering selected positions early retirement incentives, we have not incorporated any potential savings and position reductions into the proposed budget.

It is noted that in FY 2003/04 the City had 478 authorized positions, and this figure did not include the contract positions in Electric Utility.

It is estimated that a total of \$12.2 million will be spent on capital projects during the course of the fiscal year. The water treatment plant, water meters and main replacements, and the Grape Bowl, are the most significant. This figure is not the budgeted amount, but the actual expenditures during the year.

General Fund

The General Fund's primary source of revenue is taxes. It is the discretionary fund for basic government services such as public safety, parks, economic development, and provides financial support via transfers for recreation, arts, library, and cultural programs. It supports the debt payment related to the 2002 General Fund bond for the Police Station, Hutchins Street Square, and downtown improvements. The FY 2010/11 budget again provides basic funding for the full range of municipal services with the greatest emphasis on public safety.

In recent budgets, one of the principle tasks has been to maintain the viability of the General Fund. A measurement of the funds viability is the amount available to spend on unanticipated expenses such as emergencies. The City Council has established a policy of an undesignated/unrestricted minimum reserve policy of 15 percent. Unfortunately, during this Manager's tenure, the City has not been successful in reaching this minimum goal. The anticipated reserve on June 30, 2009 was expected to be \$3,831,962. The audited actual reserve was \$3,383,191. The unfavorable variance of \$448,771 was due to the continuing decline of revenues. The projected FY 2010/11

year-end amount is expected to be \$3,831,962 as staff recommends using a portion of one-time revenue to bring fund balance back to the level anticipated at original budget adoption.

Due to the concessions agreed to by employees, management is making every possible attempt to maintain the reserve level but at this time not seeking to increase the actual reserve beyond the budgeted previous year. Currently, the reserve level is now about 8 percent of the General Fund expenditure level, or about half of the minimum amount.

General Fund revenues will see a noticeable increase this fiscal year. This is due in part to receipt of one-time funds of \$1,184,900 in sales tax related to the development of the Lodi Energy Center. Total FY 2010/11 General Fund revenue is budgeted at \$41,321,750. Excluding one-time revenue, “base” revenue is forecasted to increase by \$265,950, a little over a half-percent increase.

(Note: \$504,000 in one-time revenue also related to the Lodi Energy Center will be received in FY 2009/10, a portion of which will be available for expenditure in FY 2010/11. It was previously anticipated that these funds would be received in the 2010/11 fiscal year.)

It has been noted for the Council’s benefit that base expenditures and revenues, excluding the one-time money, would be in a deficit unless further reductions to services are made or some of the one-time money is used. The Council directed that approximately \$250,000 to \$350,000 in one-time money be used for “typical operational expenses.” This direction was taken due to the difficulty in further reducing costs and the reductions employees have previously made. The proposed budget anticipates using \$592,000 of one-time revenue for “typical operational expenses.”

The intention of the Manager in preparing the budget was to maintain balance within the General Fund and to not change the percent of General Fund revenue assigned to departments. But, as expenditures increased beyond the City’s control, specifically related to personnel, those departments with the most personnel received a greater percentage of the General Fund revenue. Consequently, the Police Department represents 39.21 percent of the General Fund, up by 1.70 percent from last year, and the Fire Department represents 22.40 percent of the General Fund, up by 0.59 percent. The two departments comprise 61.61 percent of the General Fund budget, an increase of over 2 percent from last year. Expressed in another manner, these two departments represent 158 percent of all property and sales tax revenues (excluding one-time revenue), up by almost 9 percent from last year. In other words, if all property and sales tax revenues were dedicated to the Police and Fire departments, another \$9.2 million in revenue still is required to meet the other departments’ funding needs. An alternative viewpoint is that the Police Department budget consumes all of the ongoing property and sales tax that comes to the City and requires another \$50,000 to fully fund the department.

Management looked closely at cutting the Police and Fire department expenditures. Additional personnel cuts within the Police Department, however, are already included in the budget. Police will leave an existing dispatch position unfilled and two sworn officers will be laid off and rehired through a federal grant, thereby reducing General Fund funding requirements. Reducing costs further would have involved the layoff of a Community Improvement Officer and additional Police Officers. In total, at this time, the Police Department is keeping five sworn positions vacant.

Further reductions in the Fire Department could be made in laying off office staff, but due to agreements with bargaining units that produced a greater cost savings, additional cuts were not made.

In order to save additional costs during this difficult time, management proposes to eliminate from the General and related funds all non-reimbursed training and travel, saving approximately \$112,060. Excluded from this amount is \$15,000 available for Council conferences.

There is an anticipated modest increase in base revenues. FY 2010/11 revenue increases of note:

Federal Police Department Hiring Grant - \$370,000;
New Community Access Cable surcharge - \$85,000;
Sales tax - \$133,000 (anticipated new retail outlets);
Card room fees - \$115,250;
Engineering Inspection fees - \$113,000

The Payment In-Lieu of Taxes (PILOT) from the Electric Utility will remain flat at \$6.9 million. In FY 2009/10, a one-time recapture of \$500,000 in deferred PILOT was taken. This was one-time revenue and is not available for this budget year.

Management is compelled to bring to the Council's attention hidden expenses resulting from State action. One is the growth of the property tax administration fee and the other the continuing ongoing ERAF shift. In the late 1980s, the State allowed counties to collect a fee from cities and other agencies to collect property tax. In the mid 1990s, the State began a practice of taking local Bradley Burns Sales Tax revenue (1 percent) and back-filling with State-controlled property tax. Since this was property tax and the County was collecting a fee for administering property tax, it began to charge for the collection and administration of the back-filled portion of property tax as well. What was intended to be revenue neutral was not and, consequently, local entity revenue was reduced. The property tax collection fee, which is not actually a fee but money dedicated from the City's property tax receipts, is estimated to be \$290,000 this fiscal year, up by \$80,800 within two years.

The second issue of note is the Educational Revenue Augmentation Fund (ERAF). In 1992, in response to Proposition 98, the State required County Auditors to shift property tax away from cities to cover the State's responsibilities to fund schools. This shift continues to this day and, although Prop 1A stopped the escalation, the cost for Lodi continues to be approximately \$3.1 million per year.

Funding from the General Fund for arts programs, economic development, July 4th fireworks, and contributions to organizations is essentially unchanged from FY 2009/10.

The General Fund provides debt service for the 2002 General Fund secured Certificates of Participation. The annual debt service of \$1,673,820 is broken down as \$758,660 (45 percent) for the Police Station, \$662,100 (40 percent) for Hutchins Street Square, and \$253,060 (15 percent) for School Street.

Special Revenue Funds

Five Special Revenue Funds of note are the Streets and Drainage Fund; Community Development Fund; Community Center Fund; Recreation; and Library.

The Street Fund incurs costs for both major capital projects and ongoing operations. The balance of the Street Fund has declined over the past five years. The dedicated revenue for the Street Fund cannot support the non-capital costs of the fund. Two maintenance positions were deleted from the Street Fund in FY 2009/10, but the reductions were not appropriately made in reducing the contribution of the General Fund. That has been corrected. Now, in addition, two more positions are proposed to be deleted from the Street Fund. Funding will remain relatively constant to allow the fund to properly balance labor costs with capital project costs.

The Community Development Fund covers the cost of the Community Development Department and its three divisions: Planning, Building, and Neighborhood Services. The fund is carrying a deficit forward from previous years, but its projected revenues are expected to exceed expenses for FY 2009/10 and 2010/11. As building activities increase, the deficit should be erased.

The Recreation Fund is projected to operate with revenues just over expenditures.

The Community Center Fund incurred a deficit in FY 2008/09 and has carried the deficit forward. Community Center operations are expected to correct this deficit over time.

The Library Fund continues to hum along with a very small reserve of \$34,744 projected for June 30, 2011.

Utilities and Enterprise Funds

The Electric Fund is the City's largest fund and should be able to maintain regular operations as it moves towards the operational start of the Lodi Energy Center. Bulk power purchases continue to be the largest expense for the Electric Utility. Over time, power from the Lodi Energy Center will reduce utility costs and, with it, rates.

The installation of water meters and the transition from a flat-rate water bill to a usage-based water bill will be a significant change for the Water Fund. In addition to water meters, due to the structure of the agreement with the Woodbridge Irrigation District approved in April 2003, the City must build a Water Treatment Plant or lose the value of the funds already paid to purchase 6,000 acre feet of water annually. It is currently proposed to construct a membrane filter treatment plant in phases. The initial capacity of 12 million gallons per day (mgd) could be expanded to 19 mgd with the availability of additional water. Construction for the initial phase is scheduled to commence in 2010.

The City Council was placed in a difficult position to raise wastewater rates in FY 2009/10. Increased regulations and stricter enforcement required the City to invest \$60 million in improvements to the White Slough Plant. The annual debt service for these improvements is approximately \$4.1 million per year. Part of the debt service payment was to be made from impact fees, but due to the decline in new development, impact fee revenue was not realized. The Wastewater Fund was operating at a deficit. To support the debt service, as well as additional costs due to increased regulations and stricter enforcement, a series of rate increases were approved. The increase in 2010, as well as the pre-approved stair-step increases, is expected to bring the utility back to a financially healthy condition.

Capital Budget

For the first time in several budgets, Lodi this year will see General Fund money dedicated to capital projects. While there have been major capital projects, they have come from specific revenues. It is expected that several long-neglected maintenance projects will be funded, including re-roofing the Carnegie building, fixing the air conditioning in City Hall, maintenance of the interior features of City Hall, roof repair at Fire Station 2, partial refurbishment of old Public Safety building, and more.

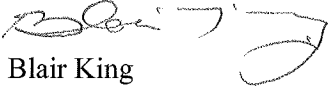

Within All Funds, the more significant capital projects will be the water treatment plant, the ongoing improvements of the Grape Bowl, the installation of water meters, the replacement of transmission lines, the possible commencement of the western electric line, and road maintenance projects.

Acknowledgments

My appreciation is extended to the staff team involved in preparing the 2010/11 budget: Deputy City Manager/Internal Services Director Jordan Ayers, Management Analysts Susan Bjork, Kirk Evans, Janet Hamilton, and Senior Programmer Analyst Tyson Mordhorst. Thank you to each department's staff who worked on the budget. Cooperation was needed from each labor group. Human Resources Manager Dean Gualco who worked with City Attorney Stephen Schwabauer to secure agreements. Special thanks are extended to Financial Services Manager Ruby Paiste, Susan Seward-Lake, and Communications Specialist Jeff Hood.

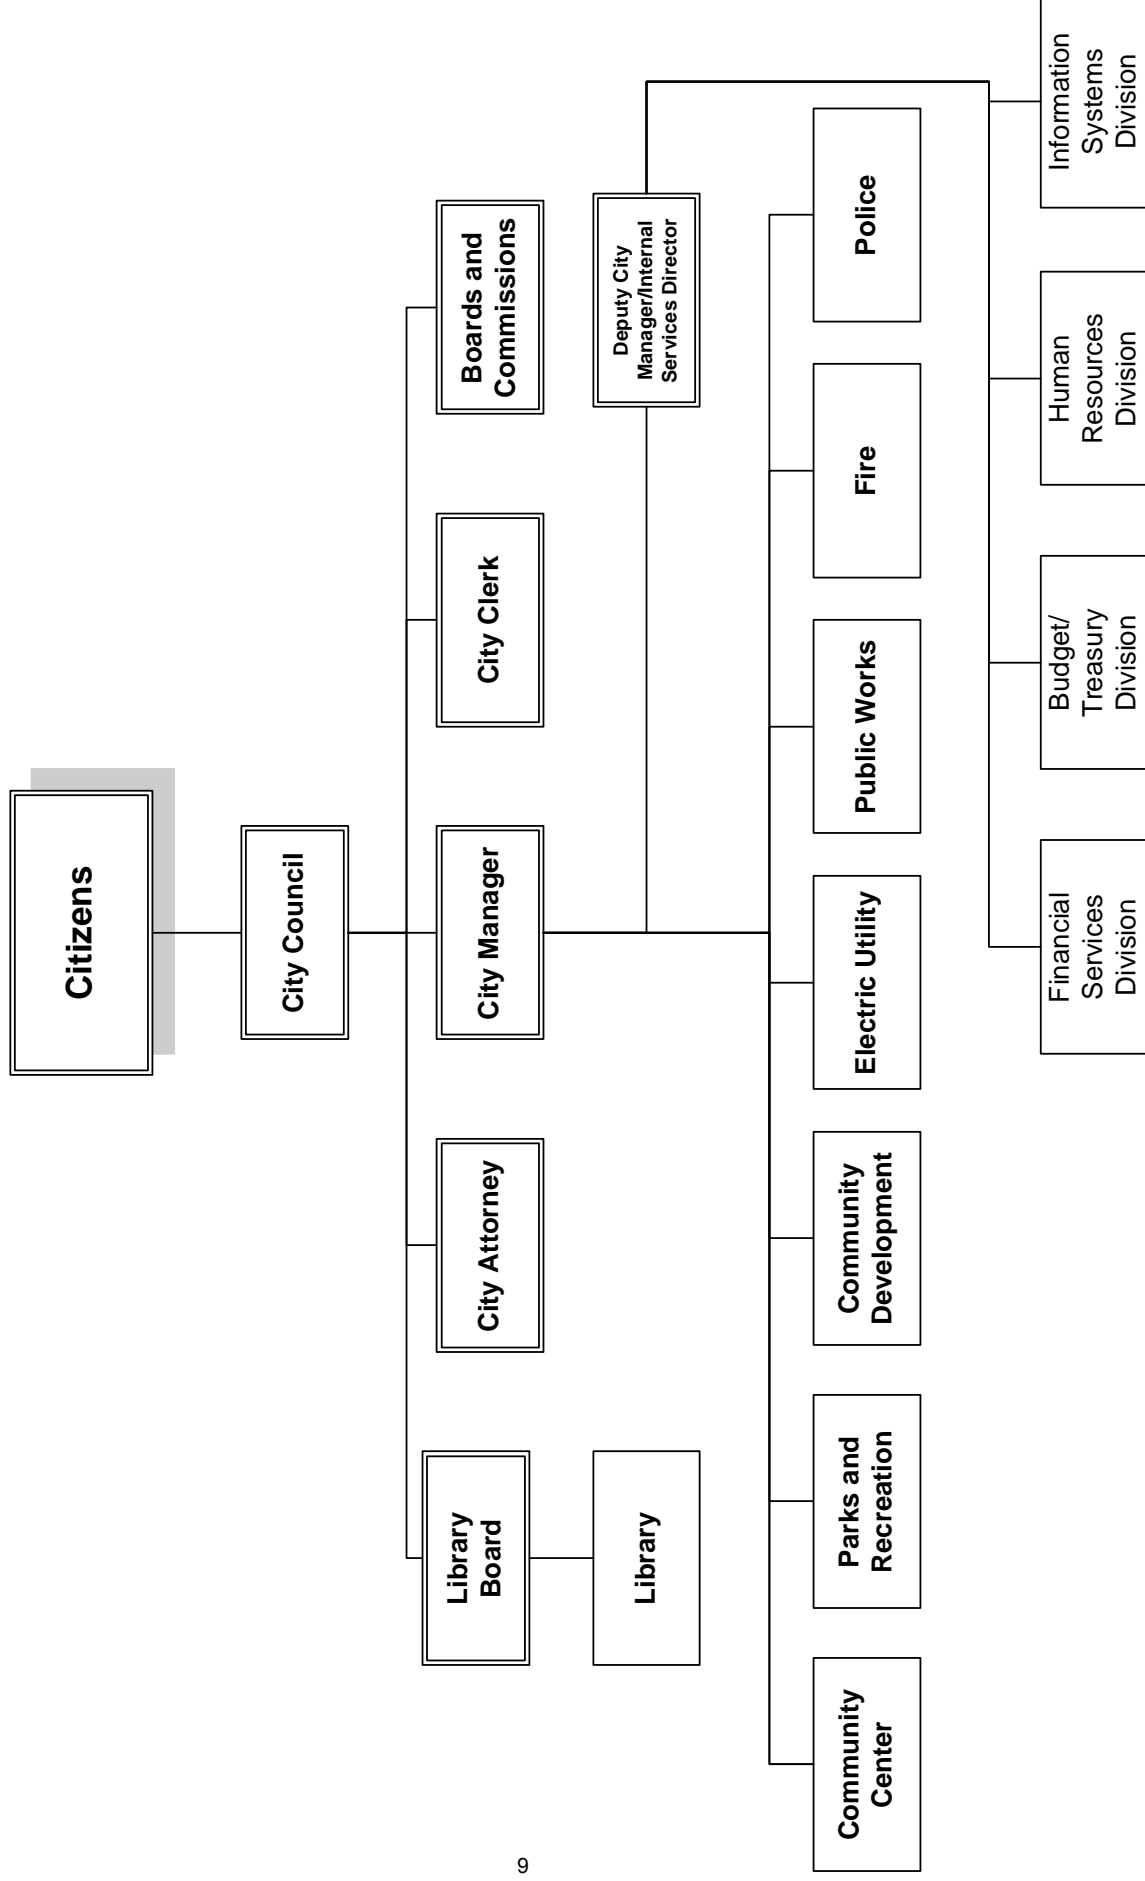

This is my last budget to prepare for the City of Lodi. With tax base-enhancing proposals around the corner, Lodi will be able to weather the current recession. Lodi must continue, however, to reinvent how it does business, become leaner, and respond faster to change to continue to thrive into the future. I hope my service has improved the City of Lodi and, to paraphrase the Athenian Oath, that I have been able to transmit this City, not only not less, but greater and more beautiful than it was transmitted to me.

Sincerely,

ALL FUNDS

All City of Lodi funds project total revenues of \$177,837,690 in the fiscal year beginning July 1, 2010, and expenditures of \$179,333,640.

The Electric Fund is the City's largest, with \$73,269,270 in projected revenue and \$76,618,920 in expenditures. The Electric Fund covers the activities of the Lodi Electric Utility, which provides electricity within the Lodi city limits.

The General Fund projects revenues and expenditures of \$41,321,750 in the fiscal year. The General Fund supports most of the City's discretionary programs, such as Police, Fire, park maintenance and administrative functions.

The All Funds figures overstate the City's actual revenue and spending. For example, \$1 received by the Electric Utility and transferred to the General Fund to support general City services is counted by both funds as \$1 received and \$1 expended.

The following pages provide a detailed description of the City of Lodi's funds, including organizational charts, narrative summaries of the various activities and financial tables.

GENERAL FUND

The City of Lodi General Fund projects revenue and spending of \$41,321,750 in Fiscal Year 2010/11.

Sales tax, property tax and Electric Utility in-lieu payments account for 58 percent of General Fund revenue, and the Police and Fire departments consume 60 percent of all General Fund revenue.

General Fund revenue is the City's discretionary fund. It also supports City administration and overhead, a portion of the Public Works Department, the Parks Division, Internal Services and costs that are not associated with a particular department, such as citywide utilities.

In addition, the General Fund contributes to the Street Division, Community Development Department, Recreation Division and Hutchins Street Square Community Center to support their operations. Funding for the Library is transferred from the General Fund.

The following pages provide a detailed description of each General Fund activity and financial tables. The 2009/10 budget shown reflects adjustments made throughout the year.

ACTIVITY: Police Administration
DEPARTMENT: Police

DIVISION: Administration
FUND: General Fund

ACTIVITY DESCRIPTION

Police Administration is responsible for the general planning, direction and evaluation of all police activities. This section provides departmental leadership and guidance. Administrative efforts in a variety of areas are also handled in this section. This activity has seven major elements:

- Direction and vision on law enforcement issues.
- Budget preparation and fiscal management of department's operation budget and grant funds.
- Statistical analysis of crimes, grant-related objectives, staffing, productivity and administrative matters.
- Purchasing of police equipment and support merchandise.
- Coordination and administration of personnel policies and programs.
- Processing of employee personnel and payroll matters.
- Administration of Worker's Compensation claims.

MAJOR 2009/10 ACCOMPLISHMENTS

- Completed follow-up on team-building workshop and updated departmental strategic plan.
- Conducted survey evaluating quality of police service provided to citizens.
- Developed department Core Values and Mission Statement.
- Completed implementation of OSSI Sungard Computer Aided Dispatch and Records Management System.
- Reviewed and passed COPS guidelines for management of grant for new computer system.
- Awarded COPS grant of \$1.4 million to fund four police officer positions for three years.
- Secured \$285,000 in State and federal funding.

MAJOR 2010/11 OBJECTIVES

- Implement revised strategic plan and department goals and objectives.
- Implement department-wide community oriented policing strategies to include all staff and volunteers.
- Improve communications with Neighborhood Watch and strengthen partnerships with community groups.
- Enhance communication and outreach to citizens through an updated website and social networking sites.

PUBLIC SAFETY

ACTIVITY: Operations
DEPARTMENT: Police

DIVISION: Operations
FUND: General Fund

ACTIVITY DESCRIPTION

Police Operations maintains public order, apprehends violators of the law, incarcerates criminals and enforces traffic regulations. Maintains open communications through community oriented policing practices; focuses on problem areas and initiates strategies for resolution. Officers respond and work to create a safe and secure environment, maintain public trust, and provide great customer service. This activity consists of six main elements:

- General patrol – Provide area patrols (vehicular, bicycle) for suppression and detection of criminal activity; provide general assistance to citizens; respond to calls for service, investigate crimes and apprehend violators of the law. Participate in community-oriented policing activities to resolve neighborhood problems.
- COP/POP – Participate in community-oriented and problem-oriented policing strategies with both neighborhood and business communities. Provide education and direction to empower the citizenry to assist in resolving their unique problems and issues. Provide specialized enforcement details to address crime trends and focus on repeat offenders.
- Traffic patrol – Provide safe patrols to enforce local and State vehicle regulations, issue citations, respond to traffic accidents and enforce local parking regulations.
- Special events – Provide security, traffic control, staffing and work with other City departments to ensure safe and enjoyable events.
- Extraordinary police response – Special Weapons and Tactics (SWAT), Bomb Squad, Major Accident Investigations Team (MAIT) and the Critical Incident Negotiations Team (CINT), respond to major disturbances and high-risk situations, arrests and searches.
- Cadet/Intern program – Recruit, mentor and train cadets/interns to provide a positive law enforcement experience. Develop participants to assist police operations and services.

SERVICE LEVEL ADJUSTMENTS

- Awarded a three-year CHRP grant to hire four police officers. Two have been hired and we will retain two police officers under the CHRP grant to avoid long-term layoffs.

MAJOR 2009/10 ACCOMPLISHMENTS

- Completed numerous operations focusing on traffic safety. The operations included DUI saturation patrols; DUI warrant sweeps; three DUI checkpoints; Suspended license sting; and seatbelt compliance (Click It or Ticket).
- Implemented a procedure to disseminate crime alert and prevention information to Neighborhood Watch block captains.
- Continued to address problem locations utilizing Problem Oriented Policing practices.
- Continued to monitor registered sex offenders residing in the City.

MAJOR 2010/11 OBJECTIVES

- Continue to focus on the vision of a safe and secure community, promoting public trust and confidence, improving customer service and encouraging employee development.
- Draft and submit for approval a daytime curfew ordinance to address truancy issues.
- Create a small task force to specifically target repeat offenders, identifying and focusing on the small percentage that are chronically involved in criminal activity.

PUBLIC SAFETY

ACTIVITY: Support Services
DEPARTMENT: Police

DIVISION: Support Services
FUND: General Fund

ACTIVITY DESCRIPTION

Support Services Division contains the following units: Investigations Bureau, Office of Professional Standards, Records, Communication Center, Jail, Information Systems, Community Improvement, Property and Evidence, Crime Prevention and Partners. This activity consists of 10 major elements:

- Investigations Bureau – This includes the General Investigations and Special Investigations units, and School Resource Officers. The three units investigate felony crimes; conduct operations focusing on narcotic, gang and repeat offenders, and provide on-site service and presence at the schools.
- Office of Professional Standards – Coordinates State-mandated and perishable skills training for department employees. Recruits applicants, facilitates the hiring process and conducts pre-employment backgrounds. Investigate internal affairs and claims.
- Records Unit – Conducts data entry; updates and maintains reports, arrest and criminal records; also provides information to the public and other agencies.
- Communications Center – Receives 911 and non-emergency police and fire calls for services; dispatches appropriate units for response.
- Jail – Receives, processes and houses individuals arrested in Lodi until their arraignments. The jail also houses San Joaquin County prisoners awaiting court hearings at the Lodi Superior Court.
- Information Services – Provides maintenance and support of all computer and technological equipment at the Police Department and within our vehicles. Oversees maintenance of fleet and facility.
- Community Improvement – Investigates and enforces laws pertaining to substandard housing, dangerous buildings, nuisances, vehicle abatement and zoning.
- Property and Evidence – Maintains the chain of custody and the storage of evidence and property booked by police personnel.
- Crime Prevention – Coordinates crime prevention efforts, Neighborhood Watch and participates in special community events.
- Partners – Senior citizen volunteers who require recruitment, training, coordination and mobilization based upon the demand for service.

SERVICE LEVEL ADJUSTMENTS

- Acquired one police officer from Operations to handle crime prevention, Neighborhood Watch, business watch, crime analysis and manage social media sites.
- Scaled back dispatchers' special assignment duties, reducing ability to process property and evidence in a timely manner.

MAJOR 2009/10 ACCOMPLISHMENTS

- Successfully completed Jail inspections conducted by San Joaquin County Civil Grand Jury and San Joaquin County Public Health.
- Implemented new public safety software from Sungard OSSI replacing Data 911.
- Continued Gang Resistance Education and Training program in the school district.
- Increased proactive enforcement operations between Special Investigations and allied agencies focusing on narcotic, gang and repeat offenders.

PUBLIC SAFETY

ACTIVITY: **Animal Shelter**
DEPARTMENT: **Police**

DIVISION: **Animal Shelter**
FUND: **General Fund**

ACTIVITY DESCRIPTION

The Lodi Animal Shelter is responsible for the care and control of all companion animals and wildlife; impounding loose, stray or unwanted animals; providing education on responsible pet ownership; promoting pet adoptions; promoting spay/neutering of animals to reduce overpopulation; and euthanizing animals that are not adopted. This activity has five major elements:

- Enforcement of City animal ordinances.
- Promoting responsible pet ownership with emphasis on spay/neutering to reduce overpopulation of animals.
- Impounding stray animals and locating their owners; caring for animals while they are at the Shelter.
- Promoting the adoption and licensing of animals in partnership with People Assisting Lodi Shelter (PALS).
- Euthanizing unadoptable and unadopted animals.

SERVICE LEVEL ADJUSTMENTS

- Contract services with PALS for animal shelter general office work to include collecting licensing fees and assisting adoptions.

MAJOR 2009/10 ACCOMPLISHMENTS

- City of Lodi and PALS entered into a contractual agreement to manage the office, coordinate rescue groups, handle adoptions, licensing and education.
- Acquired \$25,000 in CDBG funding to facilitate low-cost spay and neuter program managed by People Assisting Lodi Shelter.
- Completed majority of the facility repairs to the Animal Shelter facility.

MAJOR 2009/10 OBJECTIVES

- Complete the remainder of the facility repairs to the Animal Shelter facility.
- Explore grants for financial assistance.
- Pursue federal block grant funds for continuance of low-cost spay and neuter voucher options for low-income residents.
- Implement accessibility to pet license database from animal control vehicles.

PUBLIC SAFETY

ACTIVITY: Administration
DEPARTMENT: Fire

DIVISION: Fire Safety
FUND: General Fund

ACTIVITY DESCRIPTION

The Fire Department administration actively plans, directs, and evaluates all fire department programs and activities. Fire Department Administration goals are to 1) create responsive, efficient, and effective fire department programs; 2) maintain fire department facilities, develop long-term plans for future fire department programs; and 3) interact with City departments, associated agencies, and the community.

- Fire Department leadership – Develop, implement, and maintain fire department policies; provide fiscal management and statistical analysis; recruitment and screening of new firefighters; develop plans to meet changing demands for fire and emergency services; represent the City on fire and life safety-related issues; advise City management on fire and life safety issues.
- Long-range planning – Prepare ordinances, resolutions, and policies necessary for long-term development of the department and City; anticipate community needs for fire and emergency medical services and plan required changes in facilities, equipment, and staffing; identify special hazards within or near the City.
- Personnel administration – Coordinate and administer personnel policies and programs; provide advice and assistance on personnel issues; work with the Human Resources Division to develop job descriptions, review personnel action forms; develop internal personnel policies and procedures.
- External agency relationships – Ensure department's strategic plan is in line with other agencies; develop and negotiate joint agency agreements, participate in interagency and statewide associations; maintain mutual and automatic aid agreements and joint agency agreements; assess political developments and their effects on the department and City.
- Emergency preparedness and EOC management – Develop and manage the City's Emergency Plan and Emergency Operations Center.
- Community relations – Participate in the community by involvement in a variety of civic groups, news media, and other community and interest groups.

MAJOR 2009/10 ACCOMPLISHMENTS

- Promoted Fire Chief.
- Continued to provide high level of service despite reduced staffing.

MAJOR 2010/11 OBJECTIVES

- Seek alternative funding for department programs.
- Complete work on fire department section of General Plan.
- Restructure department to address service needs with current staffing reductions.

PUBLIC SAFETY

ACTIVITY: **Emergency Operations**
DEPARTMENT: **Fire**

DIVISION: **Fire Safety**
FUND: **General Fund**

ACTIVITY DESCRIPTION

Emergency Operations plans, directs, and evaluates all department programs for emergency response and their related activities which includes: protecting life and property by responding to medical emergencies, rescues, fires, hazardous material incidents, and other emergencies. Activity goals are: 1) safe, effective and efficient emergency response programs; 2) timely response to calls for service; 3) no loss of life from reported emergencies; and 4) minimize property damage from reported emergencies. This activity has eight elements:

- Emergency medical response – Provide victims of acute trauma and illness with basic life support from certified personnel.
- Fire emergency response – Respond to fire emergency calls within six minutes on at least 90 percent of calls.
- Hazardous material response – Contain and mitigate hazardous material incidents.
- Rescue – Free trapped or incapacitated victims of vehicle accidents, water-related incidents, cave-in trenches, collapsed building and confined spaces.
- Non-emergency activity – Conduct fire inspections, input information for required reports, maintenance of fire apparatus and facilities.
- Training – Conduct fire company training for preparation and readiness for various emergency conditions.
- Public education – Conduct station tours, fire safety presentations to schools, businesses and community groups.
- Support activities – Management and compilation of information systems; management of radio communications, dispatch, water supply/hydrants, safety equipment and firefighter safety.

SERVICE LEVEL ADJUSTMENTS

- Reduced minimum staffing from 15 to 12, necessitating a “brown-out” of one engine 70 percent of the time.

MAJOR 2009/10 ACCOMPLISHMENTS

- Put into service an engine from the State of California Office of Emergency Services.
- Developed and implemented new computer-aided dispatch and mobile computer terminals.
- Expanded geographic information system (GIS).

MAJOR 2010/11 OBJECTIVES

- Promote Fire Captain/Fire Engineer positions.
- Complete master radio plan and upgrades.
- Update policy and procedures.
- Obtain funding through grants for safety equipment replacement.

PUBLIC SAFETY

ACTIVITY: Fire and Life Safety
DEPARTMENT: Fire

DIVISION: Fire Prevention Bureau
FUND: General Fund

ACTIVITY DESCRIPTION

The Fire and Life Safety activity has administrative responsibility for documentation of fire risk assessment, area characteristics, and response strategies, non-fire risk assessment and response strategies, fire prevention and life safety programs, fire code interpretation, public education, and fire investigation. Activity goals include: 1) elimination of hazards from buildings, equipment and properties; 2) safe handling and containment of hazardous materials; 3) broaden public awareness about the dangers of fire and hazardous material; 4) thorough investigation into the cause and origin of fires; 5) documentation of area characteristics and review of response strategies. This activity has five major elements:

- Fire hazard inspection and abatement – Periodically inspect commercial, government and industrial sites for fire hazards and respond to citizen complaints about fire hazards.
- Fire and arson investigation – Investigate all reported fires to determine causes and possible preventative measures.
- Public education – Present fire safety education classes in schools, hospitals, convalescent homes, commercial facilities and community events.
- Risk hazard and value evaluation – Determine the risk, hazard and value evaluation of buildings to assure that the Council-approved standards of coverage are adequate and appropriate for the identified risk.
- Plan review.

MAJOR 2009/10 ACCOMPLISHMENTS

- Implementation and collection of fees for current annual inspections.

MAJOR 2010/11 OBJECTIVES

- Re-evaluate business inspection fee schedule.
- Continue to develop and expand business inspection program with fire suppression companies.
- Recruit and fill vacant Fire Prevention positions.
- Deploy mobile inspection program, utilized by field personnel.
- Adoption of 2010 California Fire Code with amendments.

GENERAL GOVERNMENT

ACTIVITY: Administration
DEPARTMENT: Public Works

DIVISION: Administration
FUND: General Fund

ACTIVITY DESCRIPTION

Public Works Administration provides overall direction, administrative support and management for the Engineering, Fleet and Facilities Services, Streets, Transit and Water/Wastewater Service divisions of Public Works, administers the solid waste franchise and oversees PCE/TCE remediation activities. Administration also provides clerical support for Facilities Services, Engineering and Transit. In addition, Administration staff handles right-of-way acquisition, prevailing wage requirements, water and wastewater rate analyses and budget administration. The activity has five main elements:

- Clerical support – Prepare correspondence, Council communications, reports and specifications; organize, maintain and research correspondence and computer files; route/file contract documents, purchase orders, claims and public inquiries.
- Department management and representation – Establish department rules, policies and procedures, monitor and evaluate department activities, represent the City with other government agencies, private firms and organizations.
- Budget administration – Coordinate and compile the total Public Works Department operation, maintenance and capital improvement budgets; review and approve all procurement documents and purchase orders; ensure expenditures conform to budget.
- Enterprise management – Oversee the water and wastewater utility services, White Slough Water Pollution Control Facility upgrades and the solid waste contract and ensure conformance with federal, State and local health requirements.
- Personnel administration – Develop department policies and work rules; interpret City personnel rules, policies and employment contracts; develop and coordinate in-service safety and training programs.

MAJOR 2009/10 ACCOMPLISHMENTS

- Management and use of Wastewater Utility financial model.

MAJOR 2010/11 OBJECTIVES

- Implement Water Utility financial planning model.

GENERAL GOVERNMENT

ACTIVITY:	Graffiti Abatement/Parking Lot Maintenance	DIVISION:	Streets and Drainage
DEPARTMENT:	Public Works	FUND:	General Fund

ACTIVITY DESCRIPTION

Graffiti Abatement activity removes graffiti from public facilities as well as privately owned facilities when the graffiti can be seen from the public right-of-way or from areas where the public has a right to be. This position is staffed full-time by a Street Maintenance Worker. Additionally, the five downtown city parking lots are maintained. Activity goals are: 1) to maintain property values; 2) to suppress gang activities; and 3) to ensure an attractive and safe community. This activity has five major elements:

- Education and promotion – Educate the public to the service provided by the City to remove gang-related graffiti from buildings, fences, and other structures and to promote citizen participation in the early reporting of gang graffiti.
- Obtaining releases – Identify and contact property owners to obtain release and hold-harmless agreement for the City to remove graffiti.
- Graffiti removal – Inspect highly vandalized areas routinely; remove graffiti within one business day of notification or discovery; and communicate suspicious graffiti to gang task force.
- Record-keeping – Keep accurate records of all abatement actions to monitor frequencies, reoccurrence, and determine problem areas.
- Maintenance of five downtown parking lots.

MAJOR 2009/10 ACCOMPLISHMENTS

- Number of abatements has increased on an average from 105 per month during fiscal year 2008/09 to 129 per month for the period of July 1, 2009 to February 22, 2010.
- United Cerebral Palsy Association (UCP) continues to perform at a high level, cleaning the Downtown core early mornings (Monday through Friday) and removing litter and debris from parking lots

MAJOR 2010/11 OBJECTIVES

- Increase public awareness of the program.
- Abate graffiti within one business day of being notified.
- Re-evaluate parking permit fees, which were reduced by two-thirds in 2000, and explore funding for UCP and parking lot maintenance.

ADMINISTRATION

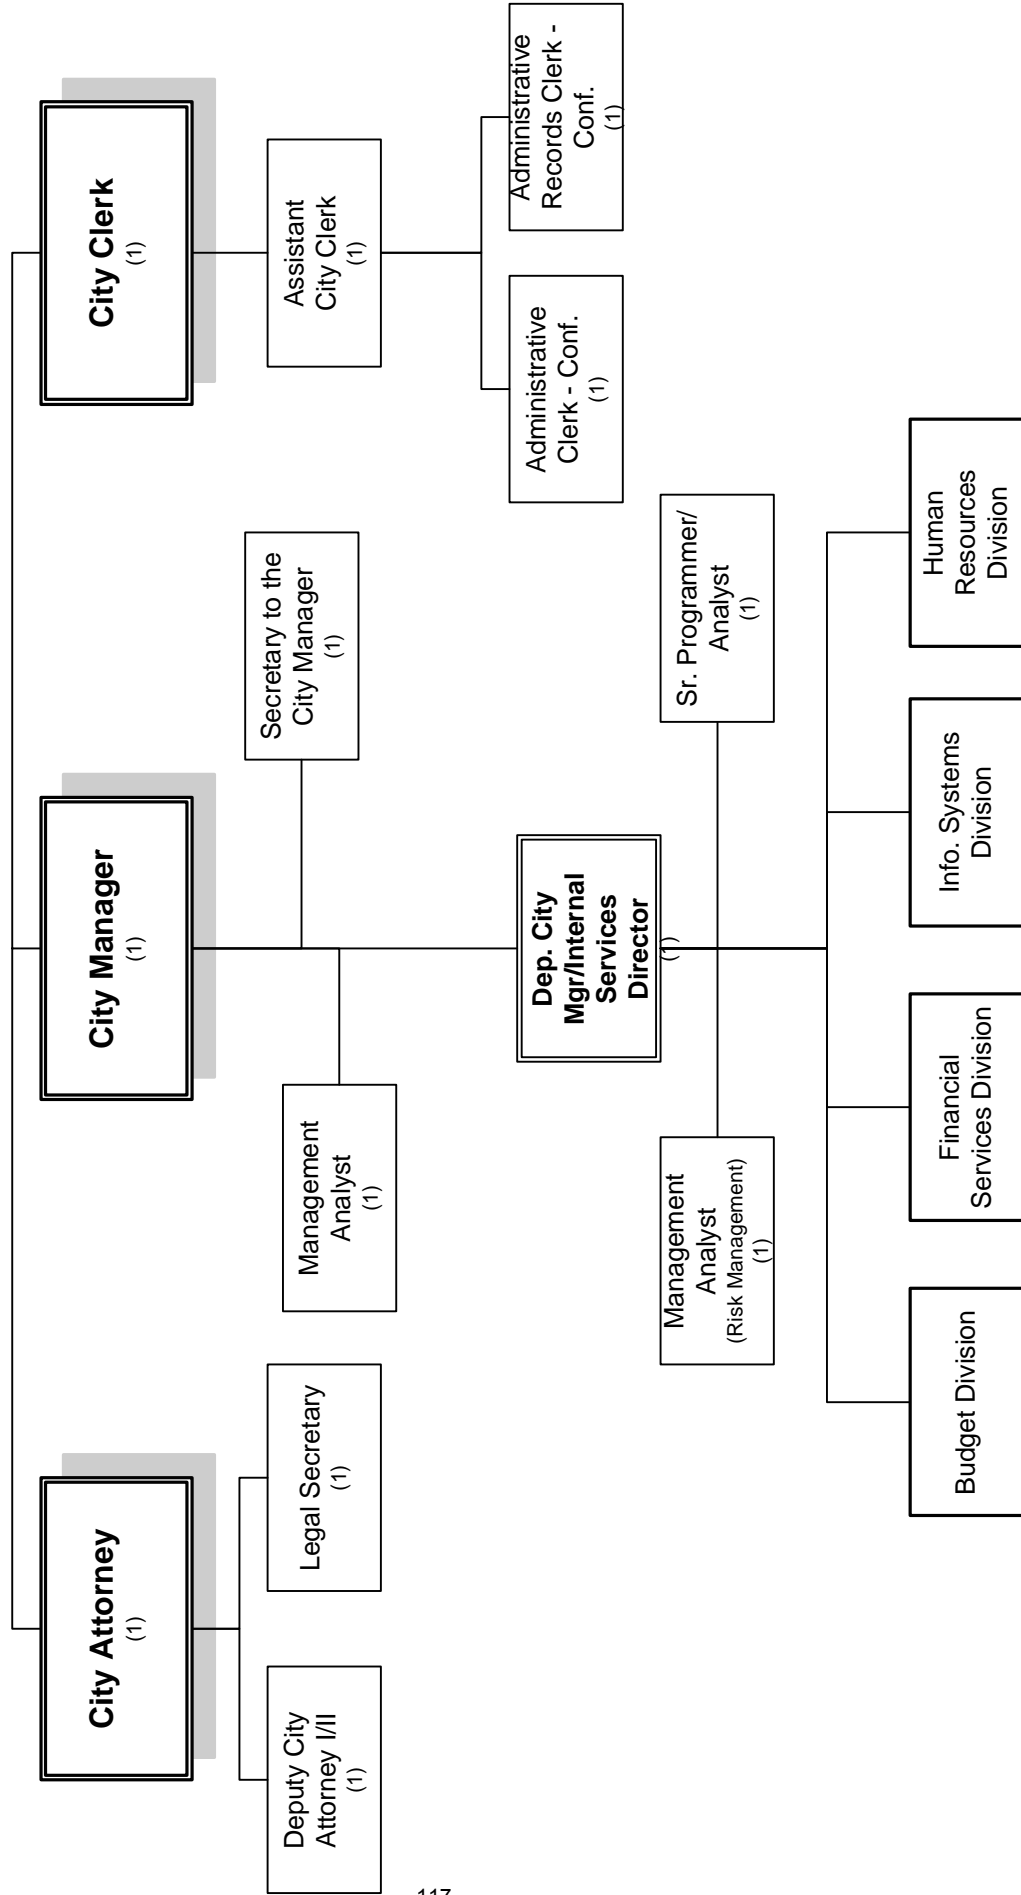

The City of Lodi's administration consists of departments managed by the three City Council appointees: City Manager, City Clerk and City Attorney. The City Manager is the administrative head of the City of Lodi who implements the City Council's policy direction. The City Clerk is responsible for official City records, City elections and provides support to the City Council, and the City Attorney provides legal services for the municipal organization.

The three departments have a combined budget of \$1,638,850 in FY 2010/11, compared to \$1,548,106 as originally adopted in FY 2009/10. The 2009/10 budget shown in the following pages reflects adjustments made throughout the year. The primary increase is due to the cost of the general municipal election, which is budgeted every other year. Staffing levels are being maintained at 13.

The City Manager is also responsible for administering the Economic Development and Community Promotions activity, which has a budget of \$583,050 in FY 2010/11.

Organizational charts, staffing summaries, detailed activity descriptions and financial tables are included in the following pages.

ACTIVITY DESCRIPTION

The City Attorney reviews, monitors and evaluates the conduct of City activities for conformance with laws, regulations, policies and rules; represents the City in civil litigation; and ensures that violators of City laws are prosecuted. Activity goals are: 1) reduce the City's liability exposure; and 2) provide timely and complete legal advice and services. This activity has five major elements:

- Legal review and advice – Review ordinances, resolutions, and contracts and provide advice on employment issues.
- Advise and assist the City Council – Orient new Council members on the services and functions of the City Attorney's Office; advise and assist the City Council and staff with suggested and existing legislation, policies and regulations; process citizen requests; anticipate claims and litigation; and assist in resolving conflict.
- Legal representation – Represent the City at Council meetings and Planning Commission meetings; defend the City against litigation and claims; and represent the City before other government agencies.
- Document preparation – Prepare ordinances, resolutions, contracts, legal pleadings, reports, correspondence and other legal documents.
- Enforcement – Enforce and prosecute violations of the Municipal Code.

MAJOR 2009/10 ACCOMPLISHMENTS

- Negotiated and secured PCE clean-up agreements with land owners.
- Arbitrated dismissal of employee discipline appeal and assisted with multiple Public Employees Relations Board (PERB) complaints.
- Drafted Mobile Food ordinance, medical marijuana moratorium, and Skate Park ordinance.
- Managed Wastewater Discharge Permit appeal and assisted with Central Valley City Water Association writ regarding application of Title 27 to Wastewater Treatment Plant.
- Implemented new CPI indexing for enterprise funds.
- Drafted and negotiated multiple agreements related to Lodi Energy Center and managed White Slough clean-up activities.

MAJOR 2010/11 OBJECTIVES

- Enforce code compliance through court action.
- Draft massage and medical marijuana ordinances.
- Develop wastewater expertise and assist with permit approval and Central Valley City Water Association litigation.
- Continue working with Human Resources to resolve contract, grievances and discipline issues.

Lodi District Chamber of Commerce	\$2,050	\$2,120
Fireworks	\$16,000	\$16,000
SJC Enterprise Zone Administration	\$21,766	\$22,500
TOTAL	\$146,796	\$175,120

*2009/10 amount paid in prior fiscal year.

The following is the proposed funding for the cost of staffing and promoting various community events:

EVENT	2009/10	2010/11
Fourth of July	\$20,000	\$25,000
Grape Festival	\$32,000	\$40,000
Parade of Lights	\$5,000	\$6,000
Celebration on Central	\$2,500	\$2,500
Miscellaneous Special Events	\$5,500	\$5,500
TOTAL	\$65,000	\$79,000

MAJOR 2009/10 ACCOMPLISHMENTS

- Held downtown summit and began pursuing resulting recommendations.
- Assisted with ensuring that a General Motors dealership successfully appealed its closure.
- Moving forward with the Reynolds Ranch development and have received applications from Costco and Home Depot.
- Kohl's opened in former Mervyns location.

MAJOR 2010/11 OBJECTIVES

- Promote concept of "green" business incubator and work to attract alternative energy start-ups.
- Expand visitor opportunities downtown.
- Continue funding local economic development organizations.
- Continue to recruit additional retailers.
- Promote new development opportunities resulting from revised General Plan.

GENERAL GOVERNMENT

ACTIVITY: Administration
DEPARTMENT: Internal Services

DIVISION: Budget Division
FUND: General Fund

ACTIVITY DESCRIPTION

The Budget Division organizes and coordinates the preparation of the annual City of Lodi Financial Plan and Budget document. The Division is responsible for developing, recommending and implementing budget policies and procedures as set by City Council; preparing and publishing the annual budget document; monitoring economic conditions in the City of Lodi and recommending appropriate budget adjustments as necessary; maintaining liaison with the City's designated depositories (banks); conducting daily banking involving large monetary transactions; investing City funds not required for immediate use; ensuring safety, liquidity and yield on the City's invested funds; protecting City funds from unauthorized use, diversion or theft; and oversight of the City's Purchasing function. The activity consists of the following five elements:

- Budget preparation and management – Prepare and publish the annual budget document; assist City staff with budget preparation; monitor budget revenues and expenditures; ensure stated revenue sources generate full amounts; monitor expenditures and notify departments when they approach/exceed stated amounts; provide budget projections.
- Daily banking – Handle wire transfers as needed; monitor and report on Local Agency Investment Fund investment earnings; ensure cash availability for paying claims and payroll.
- City property leases – Manage leases for use of city property, ensuring timely payments and contract compliance; maximize uses of city land and facilities.
- Purchasing – Administer the purchasing program for the City of Lodi in compliance with the Lodi Municipal Code. Review invoices, purchases and Purchase Orders to ensure they conform with the City's Purchasing Policies and Procedures.
- Special projects – Perform special projects as directed by the City Manager.

MAJOR 2009/10 ACCOMPLISHMENTS

- Published the 2009/10 City of Lodi Budget.
- Eliminated the central stores and transferred two Purchasing staff to enterprise funds.
- Added asset management function to the division.

MAJOR 2010/11 OBJECTIVES

- Monitor economic conditions and adjust Budget if needed.
- Implement purchasing card program.
- Implement Citywide A-97 cost allocation plan.
- Implement banking services contract.

GENERAL GOVERNMENT

ACTIVITY: Accounting Services
DEPARTMENT: Internal Services

DIVISION: Financial Services
FUND: General Fund

ACTIVITY DESCRIPTION

The Accounting Services activity maintains and controls the City's financial records and books of original entry; prepares, analyzes and publishes financial reports; records debt obligations; maintains cost accounting systems and fixed asset records; prepares payroll and associated reports; and pays invoices for purchases made by City. Activity goals are: 1) maintain accurate and complete records; 2) provide timely and accurate financial reports; 3) provide quality service to employees and City customers; and 4) protect the financial integrity of the City. This activity has four major elements:

- Leadership and administration – Plan, organize, coordinate and review the City's accounting operations and services; establish rules, procedures and policies to provide for day-to-day conduct of accounting operations; advise and assist the Financial Services Manager and staff on accounting policies and procedures; foster and promote a positive and efficient workplace; and recognize and reward excellent performance.
- Accounting and reporting – Collect, organize, process, analyze and classify the City's financial transactions for preparation of interim and annual financial reports; distribute reports and respond to inquiries; maintain books of original entry and other financial records; and conduct financial analysis studies.
- Annual audits – Assist independent auditors, County, State and federal auditors in conducting the annual audits; prepare and distribute the City's annual financial reports, single audit report and management letter; and, prepare the City's response to recommendations made by the auditors.
- Accounting services – Provide payroll and accounts payable services; prepare and distribute reports; and respond to employee and customer inquiries.

MAJOR 2009/10 ACCOMPLISHMENTS

- Received clean audit from the independent auditors and received the Government Finance Officers Association Awards for Excellence in Financial Reporting for the 16th year.

MAJOR 2010/11 OBJECTIVES

- Implement the auditor-recommended software module to track fixed assets
- Follow up and close out all audit letter comments.

GENERAL GOVERNMENT

ACTIVITY: Administration
DEPARTMENT: Internal Services

DIVISION: Human Resources
FUND: General Fund

ACTIVITY DESCRIPTION

The Human Resources Division is committed to optimizing the potential of all its employees. To meet this commitment our resources are devoted to 1) utilizing the principle HR functions of compensation and classification, performance evaluations, recruitment, discipline, training and development, and employer and employee relations to create a model employer in the community; 2) advising and consulting employees, City management staff and Council on personnel matters and employer/employee relations; 3) promoting personnel policies, rules, regulations and legal mandates to create an effective organization. This activity includes the following major elements:

- Programmatic services – Coordinate personnel support services to include: processing employment inquiries/verifications, pre-employment and fitness for duty medical examinations, drug testing and personnel actions; performance appraisal management; maintain official personnel files; and develop and maintain official personnel policies and procedures.
- Employer/employee relations – Advise and assist staff in resolving complaints in the workplace and in interpreting employment agreements (MOU's, policies, rules, etc.); counsel and assist in preparing disciplinary actions; conduct and advise in negotiation of employment, compensation and benefit agreements; conduct and analyze negotiation surveys.
- Employee recruitment and selection – Develop creative and innovative recruitment/retention strategies and conduct examinations for hiring employees. Ensure employment decisions are nondiscriminatory and do not present artificial barriers to recruitment, examination and promotion practices; develop, maintain and monitor City's affirmative action plan; and respond to Equal Employment Opportunity Commission and Department of Fair Employment and Housing complaints of alleged violations.
- Classification and compensation – Manage the City's benefits programs: health insurance plans, retirement services, employee assistance services, long-term disability insurance, deferred compensation, flexible spending plans and other City self-insured benefits. Develop and maintain the City's position classification and pay system; evaluate and determine employee classification and pay for new and existing positions; and maintain official classification and pay plan.

GENERAL GOVERNMENT

ACTIVITY: Risk Management
DEPARTMENT: Internal Services

DIVISION: City Manager
FUND: General Fund

ACTIVITY DESCRIPTION

The Risk Management activity identifies loss exposures in the City, develops loss control techniques designed to prevent or control expenditures that could result from those exposures, and monitors the effectiveness of selected loss control techniques. Activity goals are: 1) identify exposures to loss; 2) develop and manage programs to reduce the frequency and severity of loss; 3) ensure appropriate and adequate risk financing; and 4) obtain recovery or indemnification for losses that do occur. The Risk Management activity is composed of the following:

- General liability – Review all claims against the City; manage claim investigations with the City Attorney's office; determine liability and pursue appropriate action; and identify the causes of claims to develop appropriate loss prevention and control techniques.
- Property loss – Evaluate property risks and develop appropriate loss prevention and control techniques; determine appropriate loss financing; and obtain indemnification and reimbursements when applicable.
- Workers' compensation – Receive and review all claims against the City; manage claim investigations with the City's third-party administrator and appropriate City staff; determine liability and pursue appropriate action; and identify the causes of claims to develop appropriate loss prevention and control techniques.
- Injury and illness prevention – Chair Safety Committee and manage its activities, including identification and mitigation of workplace risks, and review injury accidents to assess causes and recommend preventative measures. This component also ensures compliance with OSHA regulations; coordinates training in safe work practices; and conducts health and wellness education.
- Risk financing – Identify and evaluate alternatives for financing accidental losses; select, implement and monitor appropriate retentions, transfer financing and contractual risk transfer techniques; participate as a member of the boards of joint powers authorities; obtain indemnification agreements; review all contracts to ensure appropriate indemnification and insurance coverage are provided; and review, evaluate and approve certificates of insurance as evidence of the transfer of risk and contractual risk transfers.

MAJOR 2009/10 ACCOMPLISHMENTS

- Established heat illness prevention program

GENERAL GOVERNMENT

ACTIVITY: Administration
DEPARTMENT: Internal Services

DIVISION: Information Systems
FUND: General Fund

ACTIVITY DESCRIPTION

The Information Systems Division (ISD) activity centers on the City's goal to "Enhance Access to Information" and the organization's increasing dependency upon accurate, timely information. High availability of needed information translates into faster, more accurate decisions. This leads to increased efficiencies and decreased organization-wide costs. ISD's main functions are to develop, plan and coordinate the City's information systems. Information systems consists of personal computers, local and wide-area networks (LAN and WAN), internet and intranet, computer software, telephone and wireless communications, telecom wiring infrastructure, and radio equipment. ISD also provides ongoing centralized data processing and information access services and support for City departments; provides advice and assistance to staff on the use, application and operation of central computer systems; advises and assists staff in the utilization of applications and/or purchase of "canned" programs and applications; and, maintains and operates the computer that hosts core billing and business information.

Activity goals include: 1) establishing long-range policies and standards for acquiring, maintaining and replacing equipment and software; 2) providing responsive and ongoing support and training for computer equipment and software, telephones, and other miscellaneous equipment; 3) providing efficient, effective and responsive service; 4) maintaining current programs and applications at levels necessary to conduct operations; 5) assisting staff in improving productivity through data processing and information systems; and 6) maintaining operations 24 hours per day. This activity has four major elements:

- Policies and standards – Develop, implement and manage Information System policies, standards, and specifications for computer hardware and software acquisition, maintenance, and replacement.
- System development and support – Provide for system development, ongoing maintenance of equipment, and training of personnel to ensure full utilization of equipment and software. Maintain and operate system applications (payroll, accounting, etc.) in support of City departments; maintain and operate general support applications (word processing, spreadsheet, etc.) in support of City departments; maintain and operate peripheral equipment; maintain central computers; provide backup and recovery support; repair and replace defective equipment; monitor and analyze uses of storage and operating capacity; and, recommend and advise on expanding hardware and software capacity; enhance, design and implement systems and programs to meet user needs; correct, adjust and update defective applications; advise and assist users to update applications; and, assist and advise users with changing application technology.
- Systems and equipment – Manage, maintain and support City equipment and systems including telephone, PCs, voice-mail, call accounting, radio and wireless communications systems, LAN/WAN systems.
- Data and system security – Develop, manage and maintain systems, strategies and procedures for the purpose of protecting internal systems and data from unauthorized access, or accidental or intentional data loss. Coordinate information security measures to be taken by city employees in an effort to maximize the safeguarding of data and city systems. Develop, plan and provide training to city employees on the importance of data and system security, and the specific steps that should be taken in order to keep the enterprise secure.

NON-DEPARTMENTAL

This activity encompasses General Fund transfers to other funds and expenditures that are not attributed to a particular City service, such as utilities, postage and other government agency fees.

The Non-Departmental budget is \$6,590,030 in FY 2010/11, compared to \$6,232,858 as originally adopted in FY 2009/10. The 2009/10 budget shown in the following pages reflects adjustments made throughout the year. The increase is due to a transfer to the Capital Outlay Fund in support of various maintenance projects. A new account for the Digital Infrastructure and Video Competition Act (DIVCA) has been added which allows the City to invest in equipment that will enhance the video broadcasts of City information.

Financial tables are included in the following pages.

ENTERPRISE FUNDS

Enterprise Funds are the City's self-supporting funds: Electric Utility, Water, Wastewater and Transit. The Electric Utility, Water and Wastewater funds are funded through user fees, while Transit is funded through a combination of rider fares, federal assistance, San Joaquin County's transportation sales tax (Measure K) and a small amount of State funds.

The following pages will provide details on each fund.

ELECTRIC UTILITY

Lodi Electric Utility provides electricity throughout the City. In 2010, it celebrates its 100th anniversary as a municipal utility.

Lodi Electric has a \$76,618,920 million budget in FY 2010/11, compared to \$73,473,265 million in FY 2009/10. The increase is mainly due to capital projects. The utility is funded solely through service charges.

The Department has 50 positions budgeted in 2010/11 up from 48 in 2009/10.

An organizational chart, staffing summary, detailed activity descriptions and financial tables are included in the following pages.

ACTIVITY DESCRIPTION

The Electrical Engineering and Operations activity includes the management, supervision, training and support services for the Engineering, Metering, Utility Operations and Substation Maintenance Sections. Activity goals include: 1) planning for growth; 2) designing an electric system that is cost-effective, reliable, efficient and safe; 3) operating the City's utility systems in the most efficient and reliable manner; 4) restoring service as rapidly as possible following interruptions; 5) being responsive to customer constraints and project schedules; 6) maintaining the substation facilities and fiber optic systems at the least cost and optimum safety to both public and personnel; and 7) responding to calls and inquiries from customers and the public in a courteous, expedient and professional manner. This activity has the following elements:

- **Engineering** – Engineer, design and prepare plans, specifications, construction drawings and cost estimates. Collect and analyze data for design of projects and prepare written proposals. Prepare bid packages for construction projects, administer the bidding process and perform construction management, inspections and contract administration. Perform short- and long-range system planning to accommodate growth and annexations and to identify system modifications and improvements. Conduct power systems studies, simulation and contingency analysis. Provide and coordinate engineering services for developers, architects, project engineers, other utilities and other City departments. Review building and development plans such as subdivision maps, parcel maps, off-site improvement plans and remodel/modification projects. Acquire encroachment permits, rights-of-way and public utility easements. Respond to questions and provide consultation to staff and the public regarding applicable laws, codes, regulations and construction details. Develop and maintain maps, schematics, diagrams, plans and specifications. Establish standards and policies including engineering, construction and material standards, rules and regulations, and electric service and metering manuals. Conduct electric and magnetic field (EMF), power quality and energy conservation audits. Construct and maintain the fiber optic infrastructure system and extend reliable communication interface. Provide information and training to educate the public in areas involving electric power services.
- **Metering** – Install revenue metering equipment at industrial and commercial facilities. Install and maintain remote meter reading equipment at larger industrial and commercial customers. Conduct periodic test, calibration, and diagnostic evaluation all metering installations. Procure and maintain inventory of all meters, instrument transformers, test switches, meter sockets and appurtenances. Investigate power diversion and vandalism cases as well as metering and billing complaints. Install and maintain communication equipment for remote data retrieval and radio read metering equipment. Provide customer service relative to energy usage, revenue meter equipment and their performance. Retrieve monthly meter data for time-of-use customers, calculate billing determinants, and establish billing spreadsheet. Prepare load profile, load forecast and load duration curves and analyze meter system abnormalities and failures. Implement the infrastructure for automatic meter reading (AMR) system.
- **Substation maintenance** – Maintain and ensure proper operation of all power equipment in four 60/12kV substation facilities including power transformers, circuit breakers, instrument transformers, station service transformers, battery systems and chargers. Test, calibrate and repair protective relays, intelligent equipment devices, remote control units, and controllers. Install and maintain perimeter lighting, intrusion alarm and security systems. Perform weekly substation inspections and record observed readings and deficiencies. Install and troubleshoot SCADA systems, fiber optic links and data communication phone lines. Update drawings, schematics, manuals, test and maintenance procedures. Conduct power quality surveys and analysis and provide customer support services.

PUBLIC UTILITIES

ACTIVITY: **Engineering and Operations**
DEPARTMENT: **Electric Utility**

DIVISION: **Engineering and Operations**
FUND: **Electric Fund**

- Utility operations (system control and dispatch) – Monitor, control and operate the Electric, Water/Wastewater and Storm systems and dispatch personnel for all City operations, with the exception of Public Safety personnel, on a 24-hour basis. Develop, maintain and implement load curtailment and rolling blackout procedures as directed. Control and direct the service restoration process during periods of power interruptions. Call out and dispatch personnel for emergency service restorations. Maintain system maps, records and dispatch boards. Operate and program the System Control and Data Acquisition System (SCADA). Evaluate data received from SCADA, and implement proper corrective measures. Prepare written switching procedures as well as various electric and water system operating reports. Respond to and/or reroute calls from the public. This activity is funded approximately 50 percent by the Public Works Department.

MAJOR 2009/10 ACCOMPLISHMENTS

- Completed the Cable Rejuvenation Project in the Royal Crest subdivision.
- Created electrical distribution system database and model, performed power systems studies, and acquired Milsoft Engineering Software.
- Installed and integrated 6,552 remote-read meters and acquired one drive-by RF equipment for the AMR Project.
- Completed initial plan reviews for Costco and Home Depot projects in the Reynolds Ranch Development site, and Well 27 G-Basin.
- Installed, configured and integrated the security and alarm systems of McLane Substation to the SCADA through the fiber optic communication loop.
- Initiated pilot project for new streetlights using LED's and induction-type lamps.

MAJOR 2010/11 OBJECTIVES

- Complete preliminary engineering and design of the new Westside substation and the environmental study of the 60kV line to the west.
- Complete and/or prepare work orders for the following system reliability projects: Grid 56 English Oaks Phase 1 and 2 cable rejuvenation; Grids 31, 46 and 48 cable rejuvenation and replacement projects; Grids 56 and 57 cable replacement and distribution repair projects; and, 60kV Extension for Henning-Westside and McLane-Westside lines.
- Complete safety and regulatory projects as follows: Grids A and B streetlight grounding and fusing; substation to distribution equipment ARC Flash Study update and extension; Osmose pole inspection and testing as per California Public Utilities Commission; metal platform installation in substation facilities; replacement of defective 12kV DS and faded signs in substation facilities; Arc flash, oil spill prevention and HazMat trainings; and, install local/remote monitor of PCB trip circuit and coil for NERC/WECC compliance.
- Continue the integration of remotely read meters, install approximately 6,500 remote-read meters in total and complete one fixed network pilot project.

PUBLIC UTILITIES

ACTIVITY: Engineering and Operations
DEPARTMENT: Electric Utility

DIVISION: Engineering and Operations
FUND: Electric Fund

- Implement technology advancement and smart grid projects as follows: initial GIS/GPS Database programming and configuration; integration of OMS and TCS systems to existing SCADA; incorporate call center and IVR systems to existing SCADA; and, install and integrate the Work Force Management System Phase 1.
- Complete electrical/communication systems projects for other City departments: Fire station fiber optic project; Zupo Field lighting project and DeBenedetti Park Phase 1.

ACTIVITY:	Construction and Maintenance	DIVISION:	Construction and Maintenance
DEPARTMENT:	Electric Utility	FUND:	Electric Fund

ACTIVITY DESCRIPTION

The Construction and Maintenance activity includes the management, supervision, training and support services for the Construction and Maintenance Division as well as personnel and equipment for around-the-clock response capability for system reliability and customer electric problems. This activity has the following elements:

- Construction – Construct overhead and underground line extensions to serve new and additional loads to all customer classes. Construct system upgrades and expansions for capacity, reliability and operating flexibility increases; examples of which are main feeder lines, substation construction and expansion, get-a-ways and distribution system equipment to improve efficiency, system operation and service restoration. A program to systematically replace aged, decaying wood poles is also included in this activity.
- Maintenance – Maintain 132 miles of overhead and 156 miles of underground 12 kV distribution lines as well as 13 miles of 60 kV lines that includes periodic inspections, corrective work and record keeping. Repair and replacement of system components and the installation and maintenance of the City's Dusk to Dawn Lighting Program are included in this activity as well as "work for others," which includes customer-requested system modifications and damage to equipment.
- Customer service – Provide response to electric system and customer trouble around the clock. Locate underground facilities in response to requests by contractors, citizens, and others through Underground Service Alert. Obtain system data such as voltage and current readings. Connect and disconnect customers, and set meters at new customer locations.
- Streetlight maintenance – Maintain the 7,146 units of street and alley lighting system. Electrical energy utilized by the lighting system is also included.
- Tree trimming – Provide line clearance for overhead power lines from trees. This element is performed via a private contractor supervised by department staff.

MAJOR 2008/09 ACCOMPLISHMENTS

- Completed first phase of reconstruction and rejuvenation of aged underground facilities.
- Completed first phase of underground cable replacement project in southwest area.
- Completed the conversion of Delta connected pad-mounted transformers to YWE connected pad-mounted transformers.
- Converted the Grape Bowl and Zupo Field facilities from 4kV to 12kV systems.

MAJOR 2009/10 OBJECTIVES

- Begin second phase of comprehensive program to reconstruct and rejuvenate aged underground facilities.
- Continue to implement a cost effective and structured tree trimming program.
- Complete Mills Avenue feeder circuit from Century Boulevard to Harney Lane.
- Install underground facilities for the new DeBenedetti Park.

DIVISION: Business Planning & Marketing
FUND: Electric Fund

ACTIVITY DESCRIPTION

The Business Planning and Marketing activity includes the management, supervision, training and support services for resource planning and development as well as our legislative and regulatory activities and Public Benefits. Activity goals include: 1) providing reliable power at the lowest practical cost in accordance with sound business and engineering principles; 2) rate design and implementation; 3) planning and marketing to ensure the continued benefits of the City of Lodi's electric utility partnership with the customer owners; 4) active participation in legislative and regulatory advocacy programs; 5) administer and implement Public Benefits programs in compliance with AB 1890, as well as other state-mandated programs such as solar rebates and energy efficiency goal-setting and annual reporting; 6) maintain a Key Account Program to interface with commercial/industrial customers; 7) aggressively participate in economic development activities on behalf of the City of Lodi; and 8) read all electric and water meters, and provide electric utility service connections and disconnections. This activity has five major elements:

- Resource development, acquisition and operation – Develop, acquire and monitor power generation and transmission resources in accordance with forecasted City needs. Provide forecasted bulk power cost analysis for incorporation into the department's budget process. Identify excess resources available for potential wholesale marketing. Purchase energy, capacity and other attributes to close open positions consistent with the department's Risk Management Policy, Resource Adequacy Policy and external mandates. Market any excess resources and develop new electric services and financial products as required. Maintain the department's Risk Management Policy for energy trading process, procedures, limits, authorities, and coordination with Joint Power Agency (JPA).
- Financial planning and rates – Provide forecasted revenue and customer usage analysis for incorporation into the department's budget process. Develop and maintain competitive electric rate and service schedules to achieve revenue requirements. Collect and translate load research data for system analysis, cost-of-service and time-of-use billing determinants. Coordinate the department's budget process and participate in the development and monitoring of JPA budgets. Monitor local electric and JPA capital projects and make recommendations for project financing/refinancing in accordance with applicable federal, State and City guidelines. Coordinate related department activities with Financial Services Division.
- Legislative and regulatory advocacy – Maintain a proactive approach to the continuous political challenges at the state and federal level. These challenges include ongoing efforts to erode local control through new mandates and reporting requirements, many of which would have negative rate impacts on our customer/owners. Maintain a presence at both the state and federal level with the legislature and the joint advocacy activities of CMUA and NCPA, as well as at the local level with the Lodi Chamber of Commerce Governmental Relations Committee.
- Customer field services – Responsible for electric and water utility meter reading. This section is also responsible for service shut-off for non-payment, and provides turn-on services for new or re-established accounts. Identifies customer concerns and needs as they apply to electric services and implement appropriate solutions.
- Customer outreach and programs – Responsible for the delivery and maintenance of the Public Benefits Program, a State-mandated program, as well as various other State-required ratepayer programs. Incorporated with these programs, are energy conservation/efficiency efforts, assistance to low-income customers, renewable energy resources, energy research, development and demonstration projects, energy education, electric safety presentations, solar power education and rebates, energy audits, and more. In addition, the utility maintains an aggressive key accounts program, with daily contact to various major energy users in Lodi.

MAJOR 2009/10 ACCOMPLISHMENTS

- Continued active participation in the NCPA External Affairs Task Force, mobilizing community groups and providing grassroots support and advocacy to influence energy policy at local, state and federal levels.
- Provided energy efficiency services (audits, rebates, presentations to over 4,500 customers); these services assisted our customers in saving 1 million kilowatt hours of energy.
- Successfully implemented and conducted the utility's first-ever Youth Energy Summit event.
- Achieved goal of providing same- or next-day turn-on service for new customers.
- Achieved goal of meeting with utility's major customers at least once per month on various issues of interest/concern to utility, the customer and the City of Lodi.

MAJOR 2010/11 OBJECTIVES

- Complete AMR meter installation for all residential utility customers.
- Implement computers in field service vehicles to enhance work efficiencies.
- Attempt to secure an additional \$5 million in federal stimulus funds for designated energy efficiency or renewable technologies.
- Restore field services detection and enforcement activities regarding energy diversion.

WATER UTILITY

Lodi's Water Utility provides clean drinking water each day to nearly 23,000 customers.

The Water Utility, managed by the Public Works Department, is responsible for delivering clean water, repairing aging infrastructure and removing industrial contaminants PCE and TCE from Lodi's groundwater. The utility's budget is \$11,528,790 in FY 2010/11, compared to \$22,810,040 in FY 2009/10. The utility is maintaining a shared 43-person staff with the Wastewater Utility.

An organizational chart, staffing summary, detailed activity descriptions and financial tables are included in the following pages.

PUBLIC UTILITIES

ACTIVITY: Water Utility
DEPARTMENT: Public Works

DIVISION: Utilities - Water
FUND: Water Fund

ACTIVITY DESCRIPTION

The Water Utility activity provides potable water to approximately 23,000 residential, commercial and industrial customers. The utility provides water for fire suppression to both public and private fire hydrants and fire suppression systems. Activity goals are to provide a reliable supply of safe drinking water, ensure prudent and responsible water use, provide a well maintained system of pumping, distribution and treatment facilities and equipment, and to recruit and maintain a highly trained and motivated staff. This activity has five major elements:

- Administration – Provides overall direction, supervision and planning for the water utility activity; prepares studies and reports on water utility service operations and facilities; ensures compliance with existing, and reviews and researches pending federal and State water and groundwater regulations, legislation, and grants; represents the City on water and groundwater related issues, including TCE/PCE technical issues; participates in designing and specifying related capital projects; and, coordinates and provides liaison with other utilities and public agencies and private firms.
- Water conservation – Plans, promotes and enforces the City's Water Conservation Program, responds to complaints; and, distributes water conservation material and offers rebates for water saving plumbing fixtures.
- Water production – Operates, maintains, repairs, and monitors the City's potable water system; 27 wells, six granular activated carbon treatment systems, emergency generators, chlorinators, sand separators, one elevated water tank, a 1 million-gallon tank and pump station, and the production of over 5 billion gallons of drinking water. This function also tests for compliance with State and federal safe drinking water standards and includes DBCP monitoring and some TCE/PCE monitoring and groundwater clean-up systems.
- Water distribution – Operates, repairs and maintains approximately 240 miles of water mains (ranging in size from 2 to 14 inches in diameter), service lines, just under 5,000 water valves, and approximately 1,860 fire hydrants, responds to customer complaints and monitors for compliance with State and federal bacteriological standards.
- Work for others/capital improvement – Construct water main connection for new development and new wells and storage tanks; installs fire service lines, hydrants and large water services for new or existing customers; upgrades existing water systems and installs underground and above ground piping for new well sites and new water treatment systems.

MAJOR 2009/10 ACCOMPLISHMENTS

- Fully implemented valve exercising program.
- Completed advisory water rate structure.
- Implemented computer maintenance management system.

MAJOR 2010/11 OBJECTIVES

- Continue improving infrastructure mapping and cost tracking information.
- Continue future phases of the City's residential water meter retrofit program for compliance with 2010 legislative mandate to begin charging metered rates to those with water meters installed.
- Increase public education on the value of conserving our potable water supply.

PUBLIC UTILITIES

ACTIVITY: Wastewater Utility
DEPARTMENT: Public Works

DIVISION: Utilities - Wastewater
FUND: Wastewater Fund

ACTIVITY DESCRIPTION

The Wastewater Utility activity includes the operation of the White Slough Water Pollution Control Facility (treatment plant), which treats the City's wastewater to tertiary levels and is located approximately 6 miles west of town. Activity goals are to provide uninterrupted wastewater service from source to treatment facilities without blockages or overflows, minimize the City's impact on the environment by consistently treating wastewater that meets all federal and State standards; continue recycling and land disposal for treatment effluent and industrial wastewater (cannery); and to continue the replacement/rehabilitation of aging infrastructure. This activity has six major elements:

- Wastewater administration – Directs, supervises, and plans operation of the wastewater utility, prepares studies and reports, reviews and researches State and federal regulations and legislation on wastewater operations and discharge requirements, represents the City with other agencies and committees on matters regarding wastewater operations and treatment and establishes sewer connection fees.
- Domestic collection system – Operates, maintains and repairs the domestic wastewater collection system including approximately 190 miles of domestic wastewater collection mains (ranging in size from 6 to 42 inches in diameter), service laterals for over 23,000 customers, approximately 3,200 manholes, and eight domestic pumping stations; responds to customer complaints; and performs regular systematic rodding, hydrocleaning to periodically remove grease and other obstructions. Also performs closed circuit television (CCTV) operations to assess the condition of wastewater mains.
- Industrial collection system – Operates, maintains and repairs the industrial wastewater collection system including 10 miles of industrial wastewater collection mains, 83 manholes, 4.5 miles of 30-inch diameter line, one pumping station and seven service laterals.
- Treatment facility – Operation and maintenance of a tertiary treatment facility which operates seven days per week, 24 hours per day, and manned 16 hours per day. Treats an annual average domestic flow of 2.4 billion gallons and an annual average industrial flow of 100 million gallons per year; utilizes recycled biosolids in accordance with discharge permit requirements.
- Laboratory services – This State-certified laboratory analyzes untreated and treated wastewater to determine its chemical, physical and bacteriological characteristics for the purpose of evaluating treatment plant effectiveness; samples and analyzes City drinking water for the purpose of monitoring water quality and compliance with state regulations, and administers the enforcement of the City's pretreatment and cross connection control programs.
- Work for others/capital improvement – Construct wastewater main connections for new development, provides services during construction on capital improvement projects.

MAJOR 2009/10 ACCOMPLISHMENTS

- Council approved minor reorganization to WWTP and added the positions of compliance engineer and a third environmental compliance officer.
- Implemented computer maintenance management system for wastewater maintenance.
- Adopted Sanitary Sewer Management Plan in compliance with State of California Statewide General Waste Discharge Requirements for sanitary sewer systems.

MAJOR 2010/11 OBJECTIVES

- Design and construct Washington Street inter-tie project.
- Comply with monitoring and reporting requirements of new NPDES permit
- Continue groundwater monitoring at treatment facility.
- Reduce sanitary sewer overflows to less than three per hundred miles of sewer main.

GENERAL GOVERNMENT

ACTIVITY:	Storm Drain Maintenance	DIVISION:	Streets and Drainage
DEPARTMENT:	Public Works	FUND:	Wastewater Fund

ACTIVITY DESCRIPTION

Streets and Drainage Division staff are responsible for maintaining the City's storm drain system, coordinating emergency response during storms, and meeting the requirements of the National Pollutant Discharge Elimination System (NPDES) Phase II Permit and Storm Water Discharge Agreement with Woodbridge Irrigation District. Activity goals are: 1) prevent damage to property from flooding; 2) maintain the infrastructure of the storm system; 3) comply with the requirements in the NPDES Phase II permit. This activity has two major elements:

- Storm water management and maintenance – Maintain the City's 161 miles of storm drains, 45 pumps at 13 pump stations, and 18 stormwater outlets into the Mokelumne River and the Woodbridge Irrigation District canal.
- National Pollutant Discharge Eliminations System Permit (NPDES) – This permit is a requirement of Environmental Protection Agency. This program is implemented by Streets and Drainage Administration. There are six basic requirements to this program: public education, public involvement, illicit discharge detection and elimination, construction site runoff, post construction storm water management, and pollution prevention/good housekeeping.

MAJOR 2009/2010 ACCOMPLISHMENTS

- Installed new pump controller and submersible pump at Vinewood pump station.

MAJOR 2010/11 OBJECTIVES

- Prepare a new five-year Storm Water Management Plan.
- Renew storm water discharge permit with Regional Water Quality Control Board including: 1) implementation of a dry weather screening program – monitoring outfalls along the river, collecting samples; and 2) inspection of post construction best management practices as required by the Development Design Standard Plan related to low impact development and hydromodification requirements.
- Replace pumps at Shady Acres storm pumping station.
- Install new controller at Cluff Avenue storm pumping station.

PUBLIC UTILITIES

ACTIVITY:	Capital Improvement Project(s)	FUND:	Wastewater Capital Outlay and Impact Fee Funds
DEPARTMENT:	Public Works		

Capital Improvement Project Descriptions:

Development Impact Fee Program Update	100,000
--	----------------

Develop cost estimates and prepare recommended Development Impact Fee Program update per the newly adopted General Plan. This is a jointly funded project across all the Impact Fee Funds (\$645,000 project total).

Decommission Old Fleet Services Shop	15,000
---	---------------

Work to prepare old fleet shop for other uses: abandon/remove underground oil tank; remove oil containers and piping; remove lifts, remove methane detection system; reconfigure electrical services; repairs to mezzanine. This is a jointly funded project with additional funding from Water and Streets funds (\$45,000 project total).

MSC Parking Lot and Yard Repaving	50,000
--	---------------

Remove and replace approximately 100,000 square feet of asphalt paving in the corporation yard and parking lot. This is a jointly funded project with additional funding from Water and Streets funds (\$130,000 project total).

White Slough Water Pollution Control Facility	410,000
--	----------------

Various required studies and reports related to the collection system waste discharge permit; plant maintenance and land application area improvements.

Miscellaneous Capital Maintenance Projects	465,000
---	----------------

Maintenance projects including: system relocations (\$35,000); wastewater taps (\$40,000); collection system capacity enhancements (\$150,000); design wastewater main replacement project #5 (\$100,000); Peterson Park lift station generator replacement (\$100,000); lift station RTU replacements (\$20,000); and pavement repairs (\$20,000).

Storm Drain Projects	140,000
-----------------------------	----------------

Update Shady Acres storm pump station (\$100,000); replace existing storm drainpipes with larger pipes on Elm Street, Charleston Way and Normandy Way (\$40,000).

Miscellaneous	15,000
----------------------	---------------

Replacement of warehouse gutters (\$40,000); repair and painting of equipment bay (\$10,000). These are joint projects with additional funding from Water (gutters and bay) and Electric funds (gutters).

PUBLIC UTILITIES

ACTIVITY: Equipment Purchase
DEPARTMENT: Public Works

FUND: Wastewater Capital Outlay Fund

Equipment - New or Replacement Description:

Upgrade Closed Circuit Television (CCTV) Equipment	60,000
---	---------------

Purchase of new main line camera, transporter and electronic components to upgrade system in the CCTV van. This equipment is used to confirm the quality of newly constructed wastewater and storm drain pipelines and assess condition of existing pipelines.

Replacement of Vehicle 04-116	50,000
--------------------------------------	---------------

Replace crane truck used by the Water Services construction and maintenance staff. One-half of the total replacement cost to be funded by Water Capital Outlay Fund (vehicle total \$100,000).

Replacement of Utility Vehicle	12,000
---------------------------------------	---------------

Replace utility vehicle used by operations and maintenance staff to transport parts, equipment and staff to various locations at White Slough.

New Forklift	20,000
---------------------	---------------

Purchase new forklift to be used by operations and maintenance staff to move chemical totes throughout the White Slough facility.

Miscellaneous Equipment Replacements	93,000
---	---------------

Replacement of 12 year old milling lathe that no longer performs as needed; replacement of 12 year old laser alignment tool; and replacement of 1989 sludge pump that no longer is California Air Board compliant.

Replacement of Vehicle 04-095	340,000
--------------------------------------	----------------

Replace vehicle 04-095, a 1968 Ford rodding truck with a new sewer vac truck for cleaning and televising wastewater main lines.

TRANSIT

The Transit Division operates the City's GrapeLine, Dial-A-Ride and VineLine transportation services. The services are available seven days a week.

The Transit Division, part of the Public Works Department, has a budget of \$6,113,210 in FY 2010/11, compared to \$4,483,657 in FY 2009/10. The increase is due to capital projects and equipment. The City contracts with MV Transit to provide drivers and support staff for the transit services. Transit is maintaining three budgeted positions in FY 2010/11.

An organizational chart, staffing summary, detailed activity descriptions and financial tables are included in the following pages.

GENERAL GOVERNMENT

ACTIVITY: Transit
DEPARTMENT: Public Works

DIVISION: Transit
FUND: Transit Fund

ACTIVITY DESCRIPTION

The Transit activity provides a daily fixed route bus system known as the GrapeLine within the City limits, ADA Paratransit service known as the VineLine and a door-to-door Dial-A-Ride service for the general public (including discounted fares for seniors/disabled/Medicare) within the City limits and immediately adjacent areas. Nearly all of this activity is performed by contracted services. In addition, transportation funding and related activities are handled by this division. Transit staff manages operator contracts, plans future services and operations, files reports and claims for transportation funding, attends various meetings with partner agencies on transportation issues, manages transit claim files, assists with preparation of applications for transportation grant funding, as well as provides assistance with the administration of successful grants. This activity includes the following elements:

- Dial-A-Ride/VineLine Service.
- Fixed-route service.
- Transit administration.
- Property maintenance.

MAJOR 2009/10 ACCOMPLISHMENTS

- Held public meetings and hearing on service reductions.
- Implemented fare increase.
- Implemented a summer youth pass.
- Installed bus shelters, benches and signs throughout city.
- Provided new fixed-route bus schedules and maps.
- Modified fixed-route system per Short Range Transit Plan.
- Revised the VineLine ADA paratransit handbook.
- Participated in 2010 FTA triennial review.
- Participated in 2010 TDA performance audit.
- Implemented Google Transit, an online transit trip planning tool.

MAJOR 2010/11 OBJECTIVES

- Implement Short Range Transit Plan recommendations.
- Purchase 35-foot CNG bus.
- Implement transit system marketing plan.
- Administer American Recovery and Reinvestment Act-funded projects.

SPECIAL REVENUE FUNDS

Special Revenue Funds are those that receive financial support from the General Fund and have other revenue sources, such as user fees, transfers from other funds or restricted government grants.

The Special Revenue category includes the Streets and Drainage Division, Community Development Department, Recreation, Community Center and Library.

Organizational charts, staffing summaries, detailed activity descriptions and financial tables are included in the following pages.

STREETS AND DRAINAGE

The Streets and Drainage Division of the Public Works Department is responsible for maintaining City streets, City-owned parking lots and sidewalks, street lights and signs. In addition, it maintains the City's storm drain system.

Most of the division's revenue comes from State and local taxes. It has a budget of \$5,903,360 in FY 2010/11, compared to \$8,137,000 in FY 2009/10. The division has 20 budgeted positions in FY 2010/11, down from 24.

An organizational chart, staffing summary, detailed activity descriptions and financial tables are included in the following pages.

GENERAL GOVERNMENT

ACTIVITY: Street Maintenance
DEPARTMENT: Public Works

DIVISION: Streets and Drainage
FUND: Street Fund

ACTIVITY DESCRIPTION

Street Maintenance activity includes the administration, management, and maintenance for the following: streets, alleys, curb and gutters, sidewalks, traffic signals, traffic control signs, street markings, street sweeping, street trees, all landscape maintenance in the public right-of-way and for most public buildings, storm water system maintenance and discharge permit compliance and enforcement. This activity includes four Highway 99 over-crossings. Activity goals are: 1) safe and smooth streets and sidewalks; 2) safe and efficient traffic circulation; 3) efficient and effective street services; 4) safe and properly maintained street trees; and 5) proper stormwater management. This activity has the following elements:

- Street administration – Providing the overall direction, supervision, and planning for the Streets and Drainage Division in the preparation of reports and studies; coordinating with utilities, public agencies and private firms; providing equipment maintenance and safety equipment; overseeing contracts; and promoting public relations.
- Street maintenance – Maintaining 200 miles of streets and 16 miles of alleys. This includes patching and sealing as needed; repaving utility trenches and pavement cuts. This effort is to maintain 4,112,666 square yards of pavement.
- Curb, gutter and sidewalk maintenance – Removing, replacing, and repairing curb, gutter, sidewalk (both private and public responsibilities), including handicap ramps and alley approaches; and patching existing sidewalks.
- Traffic control maintenance – Maintaining 5,516 street signs, warning, regulatory and guide signs; painting of curbs, pavement legends, crosswalks, applying of 17 miles of thermoplastic lane lines, railroad crossings, and parking stalls; installing new signs and pavement markings; maintaining 48 City signalized intersections and three flashing/crosswalk beacon intersections; and providing 50-percent funding for 13 Caltrans-maintained intersections.
- Street cleaning – Sweeping approximately 14,212 curb miles in the public right-of-way and removing more than 5,500 cubic yards of leaves in an effort to minimize the amount of debris that enters the storm system, as well as provide the aesthetics of a clean and well-maintained city.
- Street trees and landscape – Maintaining in excess of 10,500 City trees in the public right-of-way and implementing the contract landscape maintenance of 200 different sites, totaling 50 acres.
- Graffiti abatement – Removing graffiti from the area viewed by the public from streets, alleys, and parks and from private property.
- Storm drain maintenance – Maintaining the City's 161 miles of storm drains, 45 pumps at 13 pump stations, and 18 stormwater outlets.
- Parking lots – Maintaining the City's five Downtown public parking lots to provide adequate and safe parking for visitors, customers and employees.

MAJOR 2009/10 ACCOMPLISHMENTS

- Continued to maintain the Pavement Condition Index average rating at 67 ("Good" on 100-point scale).

MAJOR 2010/11 OBJECTIVES

- Reduce sidewalk-related claims against the City.
- Implement a supplemental crack seal program by contract.

GENERAL GOVERNMENT

ACTIVITY: Street Trees and Landscape
DEPARTMENT: Public Works

DIVISION: Streets and Drainage
FUND: Street Fund

ACTIVITY DESCRIPTION

Street Trees and Landscape activity is responsible for the maintenance and growth of the City's urban forest and the maintenance of landscape in the public right-of-way. This activity has three major elements:

- Tree maintenance – By the use of contract maintenance, this activity provides for pruning, trimming, re-staking, and root surgery on the City's 10,510 street trees. This maintenance effort cares for 56 different species located in parkways, tree wells, public parking lots, medians, and public buildings. The maintenance provides for removing dead and diseased trees and responding during emergencies to downed trees in the right-of-way.
- Landscape maintenance – By the utilization of contract services since 1982, this activity provides for the ongoing mowing, pruning, spraying, and irrigation of landscaped areas in the public right-of-way, reverse frontages, street medians, as well as public facilities such as City Hall, parking lots, substations, water wells, sewer lift stations, White Slough, the Police Building, and four fire stations. The landscape is now in excess of 46 acres in area.
- Grid pruning – The utilization of a grid pruning program has reduced the per-tree trimming cost by half (\$59 per tree), allowing for an increase in the number of trees trimmed each year. The current program allows for the pruning of two to three grids, which will provide a 10-year cycle to trim the City's urban forest.

MAJOR 2009/10 ACCOMPLISHMENTS

- Awarded the designation of Tree City USA for eighth year.
- Removed 45 Modesto ash trees.

MAJOR 2010/11 OBJECTIVES

- Formation of Landscape Lighting Districts (LLD's) and Community Facilities District (CFD) to fund large landscape areas in new commercial areas.

ACTIVITY: Street Cleaning
DEPARTMENT: Public Works

DIVISION: Streets and Drainage
FUND: Street Fund

ACTIVITY DESCRIPTION

Street Cleaning provides for sweeping of City streets, alleys, and parking lots; removal of leaves during leaf season; and weed abatement. The activity goals are to ensure streets are clean and free of debris, leaves and weeds. This activity has three major elements:

- Street sweeping – Sweeping approximately 14,212 miles of curb, 16 miles of alleys, and 19 public parking lots on the following schedule: Downtown area three times a week; arterials once a week; all other streets twice a month; alleys and parking lots monthly or as needed; and State Highway 12 bi-monthly, per agreement with Caltrans.
- Leaf removal – Removing approximately 5,000 cubic yards of leaves placed in the street right-of-way during leaf season (November through January) on a 10-day frequency.
- Weed abatement – Spraying weeds with herbicide and removing weeds and other debris along street shoulders, alleys, and within 2.6 miles of street medians.

MAJOR 2009/10 ACCOMPLISHMENTS

- Continued using United Cerebral Palsy for downtown cleaning (\$50,000), 80 hours per week.

MAJOR 2010/11 OBJECTIVES

- Strive to eliminate customer complaints.

GENERAL GOVERNMENT

ACTIVITY: Building and Safety
DEPARTMENT: Community Development

DIVISION: Building Division
FUND: Community Development Fund

ACTIVITY DESCRIPTION

The Building and Safety activity enforces the minimum standards mandated by State and local law to safeguard life, health, property and public welfare. State law also requires enforcement of minimum disabled access and energy conservation regulations. Activity goals are: 1) continue to maintain turn-around times for plan check; 2) verify compliance with all codes and ordinances; 3) perform all structural plan check- in house; and 4) provide training for staff in the new codes which includes specialized training for fire Inspection and structural review. The activity has the following five major elements

- Public information – Answer questions and offer interpretations about construction codes and regulations.
- Construction and fire permit application review – Review construction permit applications and plans for compliance with applicable codes and ordinances; issue permits; and collect fees.
- Code training in house and off site.
- Development review coordination – Coordinated permit application reviews with other agencies and departments to ensure compliance with other development regulations.
- Construction and fire inspection – Inspect construction projects to ensure compliance with codes, ordinances, permits, and approved plans.

MAJOR 2009/10 ACCOMPLISHMENTS

- Performed all structural and fire review in-house.
- Reduced the need for professional services.
- Increased public knowledge in the new code changes by continuing to provide new handouts at the counter, as well as City web site.
- Provide code update classes and training for the Building Industry Association and contractors.
- Assumed fire inspection services for new construction, alterations and repairs.

MAJOR 2010/11 OBJECTIVES

- Implement new changes with the pending transition to the 2010 Building Codes.
- Provide training for staff on the new codes and education for the public and construction industry.
- Continue to improve the fire inspections operation and service to the public.

GENERAL GOVERNMENT

ACTIVITY: Neighborhood Services
DEPARTMENT: Community Development

DIVISION: Neighborhood Services
FUND: Community Development Fund

ACTIVITY DESCRIPTION

Responsible for the overall coordination of services and programs for the improvement of conditions within the community and the development, improvement and maintenance of housing, especially affordable housing, throughout Lodi. This activity has three major elements:

- Neighborhood Services – The administration and clerical duties which support all of the activities under the Neighborhood Services Division. This includes staff's support and participation with community groups and functions, as well as the development and implementation of housing programs and policies for the maintenance, improvement and rehabilitation of the existing housing stock and residential neighborhoods.
- Community Development Block Grant (CDBG) administration – Administer the City's block grant program, which includes CDBG-R and Neighborhood Stabilization Program (NSP); monitor funded programs for compliance with governing policies and regulation; and assist community-based organizations with their submission of applications for funding.
- Council/Commission support – Provide necessary support for the City Council, the Planning Commission and the Lodi Improvement Committee.

MAJOR 2009/10 ACCOMPLISHMENTS

- Completed the purchase option and subsequent Purchase and Development Agreement with Eden Housing and Development for the development of the Tienda Drive Senior Housing Project.
- Received a grant award of \$800,000 in State HOME Program funds from the Department of Housing and Community Development for a new first-time home buyer loan program.
- Provided funding for the development of four new single-family dwellings as affordable housing units on East Oak Street, using a combination of Neighborhood Stabilization Program and HOME Program funding.

MAJOR 2010/11 OBJECTIVES

- Implement the new first-time home buyer loan program to provide down-payment assistance to qualified low-income homebuyers.
- Manage the timely expenditure of CDBG program funding to ensure that we have no more than 1.5 times our annual allocation of CDBG funds at the end of the fiscal year.
- Complete a local Analysis of Impediments to Fair Housing (AI Study) as an element of our Consolidated Plan, and submit that to the Department of Housing and Urban Development.

ACTIVITY: Administration
DEPARTMENT: Parks and Recreation

DIVISION: Recreation Division
FUND: Recreation Fund

ACTIVITY DESCRIPTION

The Parks and Recreation Administration activity plans, directs and evaluates all Park and Recreation programs and activities; plans and coordinates facility development; prepares and revises long-range plans; and works with the Recreation Commission to review projects, fees and charges. Activity goals are: 1) responsive, cost-effective and well-organized recreation programs; 2) a cost-recovery program within budgetary guidelines; 3) a balance of programs and facilities based on age, interests, opportunity and location; 4) adequately maintained facilities; 5) coordination of parks and facilities for rental, tournament and passive uses; and 6) coordinate all Parks and Recreation capital, CDBG and internal projects. This activity has five major elements:

- Leadership and administration – Plan, organize, coordinate and evaluate the City's Parks and Recreation activities, programs and maintenance; develop and recommend budget, cost-recovery fees, grant applications, and funding through public/private partnerships; establish rules, procedures and policies to govern the day to day conduct of Park and Recreation services; advise and assist the City Manager, Parks and Recreation Commission and City Council on programs, development of new parks, facilities and cost recovery goals; foster and promote a positive and efficient work place; recognize and reward excellent performance of employees and participants; recruit, hire and train over 300 part-time employees; set fees in accordance with the City's fee policy; and negotiate and coordinate major department contracts and agreements and oversee same.
- Public relations and information – Develop and distribute brochures and advertising on recreation programs, events and activities; prepare press releases; and represent the City at citywide functions and with other agencies or private groups.
- Commission and board support – Provide necessary support for the Recreation Commission, Lodi Sports Foundation, Nature Area Advisory Committee, Lodi Lake Docents, and Adults Sports Board. Also advise Boosters of Boys/Girls Sports and City Council-appointed committees.
- Parks and Recreation facility planning, capital improvement and general project development – Develop current and long-range plans for new Parks and Recreation facilities for both indoor and outdoor space needs; and develop, prioritize and coordinate requests for and manage capital improvement projects and department general projects.
- Activity administration – Collect, receive and deposit department fees and charges; receive and schedule reservations for facilities and activities; provide over-the-counter information to customers.

SERVICE LEVEL ADJUSTMENTS

- Create one Recreation Superintendent position and fill from within from the Recreation Manager class.

MAJOR 2009/10 ACCOMPLISHMENTS

- Maintain program cost-recovery goals.
- Continued beneficial relationships with clubs and organizations and developed new partnerships when opportunities presented themselves.

MAJOR 2010/11 OBJECTIVES

- Implement park maintenance standards.
- Develop programming and maintenance strategies for DeBenedetti Park Phase I.
- Develop programming and maintenance strategies for Roget Park.

ACTIVITY: Child Care Programs
DEPARTMENT: Parks and Recreation

DIVISION: Recreation
FUND: Recreation Fund

ACTIVITY DESCRIPTION

This activity provides child care programs after school when schools are in session and day camps when schools are closed. This activity operates both fee-based after-school programs and contracted services for Lodi Unified School District (LUSD). The goals of the program are: 1) provide safe, attentive and reliable child care programs and 2) recover 100 percent of costs. This activity has the following elements:

- After-school programs – Provide child care services at three fee-based and nine contracted school sites after school until 6 p.m. each day school is in session.
- Camps – Provide all-day child care services when school is closed during summer, fall and spring breaks.

MAJOR 2009/10 ACCOMPLISHMENTS

- Recovered 100 percent cost of fee-based after-school and camp programs.
- Provided contracted services for LUSD grant-based after-school programs.
- Provided child care camps during school breaks.

MAJOR 2010/11 OBJECTIVES

- Maintain and/or increase program attendance.
- Recover 100 percent of program costs and full reimbursement from LUSD.
- Provide well-trained and qualified staff.

ACTIVITY: Youth and Teen Sports
DEPARTMENT: Parks & Recreation

DIVISION: Recreation
FUND: Recreation Fund

ACTIVITY DESCRIPTION

The Youth and Teen Sports activity offers a wide range of youth sports opportunities. The activity area is broken into two basic categories: competitive and introductory/instructional. More than 4,000 youth and teens participate annually in these programs. Activity goals are: 1) provide quality sports experiences in a wide variety of programs; 2) organize well-run and coordinated leagues, tournaments, camps, and clinics that instruct, and meet social, emotional and physical needs of participants; 3) cost recovery per budgetary guidelines; 4) provide work experience for youths, teens and young adults; 5) coordinate and facilitate volunteers in our program offerings; and 6) recruit and screen for qualified coaches. This activity has two major elements:

- Recreational and competitive sports – Some of the recreational and competitive sports programs are co-sponsored by a local advisory organization (which is affiliated directly with the department). This joint involvement produces programs in baseball, softball, soccer, basketball, football programs, clinics and camps. More than 3,000 youth and teens participate in these programs.
- Introductory/instructional programs – These programs are operated 100 percent by the City. They include basketball, volleyball, tot programs, sports camps, and other club sports and clinics. More than 1,000 youth and teens participate in these programs.

MAJOR 2009/10 ACCOMPLISHMENTS

- Programmed for 4,000+ youth and teens.

MAJOR 2010/11 OBJECTIVES

- Offer and encourage more participation by underprivileged and low-income youth through collaborative scholarship efforts with locally based non-profit organizations.
- Encourage continuation of facility development to support programs.
- Review and improve programs within budget limits.
- Develop collaborative efforts with community interest groups.

LEISURE, CULTURAL, AND SOCIAL SERVICES

ACTIVITY: General Administration
DEPARTMENT: Community Center

DIVISION: Cultural Services
FUND: Community Center

ACTIVITY DESCRIPTION

The Community Center at Hutchins Street Square is a focal point for cultural, fine art, performing art and senior programs for the Lodi community and surrounding areas. The Center provides facilities for meetings, conferences, recreational activities and events sponsored by the city, community groups and private individuals and organizations. The Center staff work with the Senior Citizen's Commission, Lodi Arts Commission, and Lodi Youth Commission. In addition, staff works with the Hutchins Street Square Foundation, the Lodi Arts Project Fund, and the Senior Foundation as well as other local nonprofit groups. The goals of the department include well-maintained facilities, well-balanced programs for seniors, promotion of fine art and performing art with the City and increasing revenues to offset the operating costs of the Center. The department offers a variety of programs, services and events with six major areas of emphasis:

- Senior Center – The Senior Center offers recreation and social activities, referrals to social service agencies, emotional and physical wellness activities, legal, consumer, financial and educational services and counseling.
- Cultural programs – Plan and promote workshops for crafts, arts, music and other fine arts, provide for display of crafts and fine arts of local residents, plan promote and organize activities in arts, crafts, music, dance, and drama.
- Public relations and information – Prepare and distribute brochures and schedules for senior, fine art and performing art activities, works with the adult day care advisory committee, the Senior Citizens commissions, Lodi Arts Commission, and Hutchins Street Square Foundation to develop programs, plan facilities and obtain funds from private and public sources.
- Facility scheduling and administration – Process reservations for facilities, liability review, receive and deposit fees and maintain responsive relations with customers.
- Special events management – Plan, organize, and coordinate special events sponsored by the City, create, design and distribute flyers, prepare news releases, solicit and schedule vendors, entertainers and participants
- Facility and janitorial maintenance – Clean, remove trash, maintain equipment, install new equipment, perform minor repairs, and coordinate major repairs to keep the Hutchins Street Square facilities in top condition to attract users and events.

MAJOR 2009/10 ACCOMPLISHMENTS

- Continued to refine box office operations.
- Evolved facility supervision to event attendants.
- Increased exposure of the facility through establishing social media links.
- Worked across multiple departments to produce and manage city wide events.

MAJOR 2010/11 OBJECTIVES

- Continue to expand on events outside of the operation.
- Continue to capture early and mid week business.
- Establish an "in house" catering division through subcontracting.

LEISURE, CULTURAL, AND SOCIAL SERVICES

ACTIVITY: **Boards and Commissions**
DEPARTMENT: **Community Center**

DIVISION: **Boards and Commissions**
FUND: **Community Center**

ACTIVITY DESCRIPTION

Four boards/commissions advise the City Council on cultural programs:

- Senior Citizen Commission – The Senior Citizen Commission advises the City Council on programs, policies and activities which serve seniors in the community. Activity goals are: 1) identify needs of the aging; 2) create community awareness; 3) explore improved standards of service; and 4) develop services and programs.
- Arts Commission – The Arts Commission advises and assists the City Council in establishing and promoting fine and performing arts programs. Activity goals are: 1) enrichment of the community through fine art and performing art programs; 2) evaluate grant requests and recommend funding for local non-profit organizations that promote cultural activities; 3) celebrate the cultural heritage of the community; and 4) recognize artistic, creative and cultural achievements of Lodi citizens.
- Art Advisory Board (Formerly the Art in Public Places Advisory Board) – The Art Advisory Board advises and assists the City Council with oversight of the Public Art Program. Activity goals are: 1) recommend policies and guidelines for the Public Art Program; 2) review the City's annual Master Art Plan and oversee art purchases for the City's fine art collection.
- Youth Commission – The Youth Commission communicates with young people and takes a leadership role in developing their futures. Activity goals are: 1) provide youth services in a safe and non-discriminatory environment; 2) provide support programs and services; and, 3) assist in developing future leaders in business, government and communities.

MAJOR 2009/10 ACCOMPLISHMENTS

- Arts Commission worked with local arts organizations to continue and increase capacity (e.g. funding, business managements, etc), continued to present Arts Festival, First Friday Art Hops and Smooth Jazz series; evaluated grant requests and recommended funding.
- Youth Commission increased opportunities for leadership training as well as attended youth conferences during the year.
- Art Advisory Board helped develop and support art projects for public placement throughout the city.
- Senior Commission worked with various entities to create cohesive resources for senior information, referral, and recreational opportunities throughout the community.

MAJOR 2010/11 OBJECTIVES

- Arts Commission – Expand community arts programs and continue to provide scholarships for access to specialty classes.
- Youth Commission – Continue to sponsor community dances and fund-raise for charities as well as provide leadership opportunities for Lodi youth.
- Art Advisory Board – Continue to develop and support public access to art for the Lodi community.
- Senior Commission – Continue to identify issues related to the senior population of Lodi.

ACTIVITY: Performing Arts Theater
DEPARTMENT: Community Center

DIVISION: Cultural Services
FUND: Community Center

ACTIVITY DESCRIPTION

The performing arts theater and box office provide the premier Lodi venue for theatrical productions, business conferences and seminars. With state-of-the-art facilities and full-time technical staffing, the Hutchins Street Square Performing Arts Theatre is the hub of cultural activities in Lodi. This area has two major components:

- Technical – Responsible for purchasing, maintaining, and repairing all theatrical equipment, including but not limited to sound systems, communication systems, lighting instrumentation, lighting control, fly system rigging and function, state condition, and stage draperies. The technical staff also assists in the production of theatrical presentations both amateur and professional; education of theatrical groups; research of feasibility and the subsequent booking of professional productions; aiding in the promotion and marketing of production; maintaining a solid network of theater industry professionals; establishing theatre use and guidelines; establishing pricing rates for labor and equipment rental.
- Box office – Responsible for all ticket sales at the Community Center and is the first contact with the public. Currently staffed by three part-time employees, the box office is open Monday through Friday from 10 a.m. to 5 p.m., Wednesdays until 6:30 p.m. and two hours before curtain for all productions.

MAJOR 2009/10 ACCOMPLISHMENTS

- Produced numerous successful events.
- Hired, developed, and improve existing technical staff.
- Provided staffing and operations for other events within Hutchins Street Square facilities.
- Improved sound and lighting capabilities through acquisition of new equipment and additional training.

LIBRARY

The Lodi Public Library provides library services to the Lodi community. It is funded by the General Fund, Library fines and fees, and grants.

The Department's budget is \$1,427,930 in FY 2010/11 compared to \$1,667,519 in FY 2009/10. The budget reduction is due to the completion of several capital projects. The budgeted staffing level is being maintained at 12.

An organizational chart, staffing summary, detailed activity descriptions and financial tables are included in the following pages.

GENERAL GOVERNMENT

ACTIVITY: Fleet Services and Motor Pool
DEPARTMENT: Public Works

DIVISION: Fleet and Facilities Services
FUND: Internal Services Fund

ACTIVITY DESCRIPTION

The Fleet Services Section maintains a fleet of approximately 430 vehicles and equipment, serving the entire City fleet except Parks and Recreation's mowing equipment and scooters. Included are repairs to vehicles and equipment of all types and sizes; managing the parts inventory; troubleshooting and repair of mechanical operation problems in electric, hydraulic, and mechanical systems; welding/fabricating projects; providing preventative maintenance to all vehicles and equipment; overseeing the fleet management system and software; preparing vehicle purchase specifications; working with the City fleet coordinators from all departments/divisions and supervising contract labor and outside vendors. Activity goals are: 1) safe and reliable City vehicles and equipment; 2) maximum service life; and 3) a positive image for the City. This activity has six major elements:

- Administration – Direct, supervise, and plan Fleet Services activities; provide clerical and administrative support; establish shop rules and procedures; train and develop staff; promote and foster a positive, safe and efficient work place; and maintain shop materials and supplies.
- Repairs – Repair vehicle and equipment malfunctions and overhaul engines and transmissions.
- Preventive maintenance – Schedule, inspect and service vehicles, heavy equipment and other equipment.
- Vehicle support operations – Purchase and provide parts, tires, gas and oil for vehicles and equipment. Coordinate administration of purchasing and disposition of vehicles and equipment, and oversee Fleet Policies and Procedures.
- Fabrication and repair – Fabricate parts and equipment and perform welding and machine work as needed.
- Motor pool operations – Provide and maintain a pool of vehicles and equipment for use by staff in conducting City business as needed.

MAJOR 2009/10 ACCOMPLISHMENTS

- Replaced four aging buses.
- Down-sized transit fleet through reduction of number of spare buses.
- Completed MSC CNG Fueling Station Improvements Project.
- Replaced aging shop equipment.

MAJOR 2010/11 OBJECTIVES

- Add shop security system and masonry security wall.
- Add solar project.
